## TRAFFORD COUNCIL

**Report to:** Executive / Council  
**Date:** 17 February 2016  
**Report for:** Decision  
**Report of:** Executive Member for Finance and the Director of Finance

### Report Title

**ADDENDUM TO TREASURY MANAGEMENT STRATEGY 2016/17 – 2018/19**

### Summary

The Council is currently in active discussions with the Greater Manchester Pension Fund about the timing of the payments of pension contributions to the Fund.

By paying contributions in advance, by up to three years, it will be possible to earn a discount from the Fund which would be significantly better than can be obtained in the money market.

If employee and employer contributions could be paid in advance this prepayment could be £48 million. It is arguable whether such a prepayment needs to be taken account of in the Treasury Management Strategy, but given the potential size of the transaction and that it would be in excess of the current maximum limit that can be placed with a single institution, this report **seeks approval** for up to £50 million to be placed with Greater Manchester Pension Fund. It is not considered that the Council's funds will be at risk and in any event it is money that would be required to be paid over to the Fund over the next three years.

In addition, the original report that has been distributed with the agenda includes a section on debt strategy which indicates that for the first time in five years the Council is likely to borrow long term money to reduce its under-borrowed position and take advantage of current low interest rates. The report assumes borrowing of £10 million from the PWLB but given that we are in an historical low interest rate environment and recognising that the position can change quickly, **it is recommended** that the borrowing limits be increased by a further £10 million. This is not to say the Council will definitely borrow this amount but it will give the Chief Finance Officer the freedom to act if it is considered to be in the Council's interest to do so.

The above changes would require a revised set of prudential indicators to be agreed and these are attached; changes to the original version are highlighted.

**Recommendation(s)**

**Taking account of the Treasury Management report and the addendum it is recommended that Members approve:**

- 1. the policy on debt strategy for 2016/17 to 2018/19 as set out in section 3 and in the Addendum Report;**
- 2. the investment strategy for 2016/17 to 2018/19 as set out in section 5 and in the Addendum Report;**
- 3. the Prudential Indicators and limits including the Authorised Limit (as required by section 3(1) of the Local Government Act 2003), Operational Boundary, Minimum Revenue Provision Statement and the Investment criteria as detailed in Appendix 3 and in the Addendum Report.**

Under borrow at 31 March	21,324	19,092	20,162	17,419

**UPDATED TREASURY PRUDENTIAL INDICATORS AND LIMITS (Appendix 3)**  
**(Changes highlighted)**

In accordance with the CIPFA Prudential code, the Council is required to produce prudential indicators and limits reflecting the expected capital activity regarding its capital investment programme. These have an impact on the Council's treasury management activities and the Council is required to approve the prudential indicators and limits affecting treasury management performance as shown below;

	2015/16 estimate £m	2016/17 estimate £m	2017/18 estimate £m	2018/19 estimate £m
<b>Upper Limits – Fixed interest rate exposure</b>	2.7	3.1	3.0	2.7
<b>Upper Limits – Variable interest rate exposure</b>	3.2	3.3	3.3	3.5
<b>Upper Interest Limits</b> – identifies the maximum limit for both fixed and variable interest rates exposure based upon the Council's debt position net of investments (debt interest payable less investment interest receivable).				
<b>Authorised Limit for External debt</b>				
-External debt (01.04)	140.0	146.0	144.0	143.0
-Other long term Liabilities (PFI)	6.0	5.8	5.6	5.4
<b>Total</b>	<b>146.0</b>	<b>151.8</b>	<b>149.6</b>	<b>148.4</b>
<b>Authorised external debt limit</b> - maximum level of external debt that the authority will require to cover all known potential requirements and includes headroom to cover the risk of short-term cash flow variations that could lead to a need for temporary borrowing. This limit needs to be set or revised by Council and is the statutory limit determined under section 3(1) of the Local Government Act 2003.				
	2015/16 estimate £m	2016/17 estimate £m	2017/18 estimate £m	2018/19 estimate £m
<b>Operational Boundary for External debt</b>				
-External debt (01.04)	125.0	130.0	130.0	128.0
-Other long term Liabilities (PFI)	6.0	5.8	5.6	5.4
<b>Total</b>	<b>131.0</b>	<b>135.8</b>	<b>135.6</b>	<b>133.4</b>
<b>Operational boundary</b> - calculated on a similar basis as the authorised limit but represents the likely level of external debt that may be reached during the course				

of the year excluding any temporary borrowing and is not a limit.				
<b>Upper limit for sums invested over 364 days</b>	<b>70</b>	<b>100</b>	<b>100</b>	<b>100</b>
<b>Upper Limit for sums invested for over 364 days</b> – these limits are set with regard to the Council’s liquidity requirements and to reduce the need for early sale of an investment. Included within this limit are Manchester Airport Shares which at 31 March 2015 were independently valued at £41.0m and the Church Commissioners Local Authorities Property Investment Fund investment of £5m.				
<b>Gross debt and Capital Financing Requirement</b>				
-External debt (01.04)	125.0	130.0	130.0	128.0
-Other long term Liabilities (PFI)	6.0	5.8	5.6	5.4
Gross debt	131.0	135.8	135.6	133.4
-C.F.R.	135.4	144.0	146.3	141.0
<b>Excess C.F.R.</b>	<b>4.4</b>	<b>8.2</b>	<b>10.7</b>	<b>7.6</b>
<b>Gross Debt and the Capital Financing Requirement</b> – this indicator reflects that over the medium term, debt will only be for capital purposes. The Director of Finance will ensure that all external debt does not exceed the capital financing requirement with any exceptions being reported to Council.				
<b>Maturity structure of borrowing – 2016/17 to 2018/19</b>				
	<b>Lower limit %</b>	<b>Upper limit %</b>		
Under 12 months	0	70		
12 months to 2 years	0	30		
2 years to 5 years	0	30		
5 years to 10 years	0	30		
10 years to 20 years	0	30		
20 years to 30 years	0	30		
30 years to 40 years	0	30		
40 years and above	0	35		
<b>Maturity Structure of Borrowing</b> – these gross limits are set to reduce the Council’s exposure to large sums falling due for refinancing and this indicator reflects the next date on which the lending bank can amend the interest rate for the Lender Option Borrower Option loans.				

**INVESTMENT CRITERIA –**

**Counterparty Selection**

The minimum criteria for providing a list of high quality investment counterparties is highlighted in the categories 1 to 4 below and are to be applied for both Specified (maximum period 1Year) and Non-specified investments (maximum period 3 Years). Category 5 & 6 applies only to The Church Commissioners Local Authorities Property Investment fund and Greater Manchester Pension fund respectively;

	<b>Fitch (or equivalent) – Long Term</b>	<b>Maximum Group Limit</b>	<b>Maximum Time Limit</b>
