# 4.0 STATEMENT OF LICENSING POLICY

- **4.1** The following extracts from the Council's statement of licensing policy are brought to the general attention of members:
- **4.2** (1.8) Every application considered by the Council under this policy will be considered on its merits, and regard will be given to the Guidance issued under Section 182 of the Licensing Act 2003 and any supporting regulations..
- 4.3 (1.9) Nothing in the policy will undermine the right of any person to make representations on an application or seek a review of a licence or certificate where provision has been made for them to do so in the Act. Appropriate weight will be given to all relevant representations. This will not include those that are frivolous, vexatious or repetitious.
- **4.4** (1.12) The licensing process can only seek to control those measures within the control of the licensee, and 'in the vicinity' of a premises. The conditions attached to various authorisations will, therefore, be consistent with operating schedules and will mainly focus on:
  - Matters within the control of individual licensees and others who are granted any relevant authorisations;
  - The premises and places being used for licensable activities and their vicinity; and
  - The direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned.
- **4.5** (5.6) When considering applications for later closing times in respect of premises licences, where relevant representations have been made, the Council will take the following into consideration in accordance with Government Guidance:
  - Whether the premises is located in a predominately commercial area
  - The nature of the proposed activities to be provided at the premises
  - Whether there are any arrangements to ensure adequate availability of taxis and private hire vehicles and appropriate places for picking up and setting down passengers
  - Whether there is an appropriate amount of car parking, readily accessible to the premises, and in places where the parking and use of vehicles will not cause demonstrable adverse impact to local residents
  - Whether operating schedule indicates that the applicant is taking appropriate steps to comply with the licensing objective of preventing public nuisance

- Whether the licensed activity, particularly if located in areas of the highest levels of recorded crime, may result in a reduction or increase in crime and anti-social behaviour
- Whether the licensed activities are likely to cause adverse impact especially on local residents, and whether, if there is a potential to cause adverse impact, appropriate measures will be put in place to prevent it
- Whether there will be any increase in the cumulative adverse impact from these or similar activities, on an adjacent residential area
- Any representations from a responsible authority or interested party that identify the premises as a focus for disorder and disturbance.
- (5.8) As far as premises in residential areas are concerned, these may be 4.6 subject to stricter controls with regard to opening hours to ensure that disturbance to local residents is minimised. The Council considers that it is selfevident that the risk of disturbance to local residents is greater when licensable activities continue late at night and into the early hours of the morning. For example the risk of residents' sleep being disturbed by patrons leaving licensed premises is obviously greater at 2 a.m. than at 11 p.m. It is, therefore, the policy of the Council to strike a fair balance between the benefits to a community of a licensed venue and the risk of disturbance to local residents. In predominantly residential areas, therefore, it may not be appropriate to allow closing times later than midnight. It may be acceptable to open later on a limited number of occasions, for example up to 15 times a year. This would allow licensees to extend opening beyond midnight for special occasions such as New Year. However, every application will be determined on its merits, and applicants wishing to operate beyond midnight will need to demonstrate to the satisfaction of the Council, in their operating schedule, that there will be no significant disturbance to members of the public living, working or otherwise engaged in normal activity around the premises concerned. This policy is aimed at the fulfilment of the licensing objective of "prevention of public nuisance".
- **4.7** (6.4) Applicants will be expected to demonstrate in their operating schedule that suitable and sufficient measures have been identified and will be implemented and maintained with the intention of preventing crime and disorder. Such measures may include:
  - The capability of the person who is in charge of the premises during trading hours or when Regulated Entertainment is provided to effectively and responsibly manage and supervise the premises, including associated open areas
  - The steps taken or to be taken to ensure that appropriate instruction, training and supervision is given to those employed or engaged in the premises to prevent incidents of crime and disorder, and where appropriate any relevant qualifications.
  - The measures taken or to be taken to raise staff awareness and discourage and prevent the use or supply of illegal drugs on the premises
  - The features currently in place or planned for physical security at the premises, such as lighting outside the premises
  - Policies adopted to meet appropriate best practice in accordance with existing guidance (e.g. Home Office: Selling Alcohol Responsibly, Safer Clubbing, the National Alcohol Harm Reduction Strategy Toolkit and

- other recognised codes of practice, e.g. British Beer and Pub Association Partnerships Initiative.
- Any appropriate additional measures taken or to be taken for the prevention of violence or public disorder.
- 4.8 (6.7) Where additional measures have been identified as likely to have an impact on the prevention of crime and disorder at any premises, the Council would expect applicants to detail such measures to be taken in their operating schedules. Such measures may include:
  - Provision of effective CCTV with recording facilities both within and outside certain premises
  - Crime prevention design, including adequate lighting and supervision of car parks
  - Metal detection and search facilities
  - Procedures for risk assessing promotions and events such as 'happy hours' for the potential to cause crime and disorder, and plans for minimising such risks
  - Measures to prevent the use or supply of illegal drugs
  - Employment of Security Industry Authority licensed door supervisors and other appropriately trained staff
  - Participation in an appropriate Pubwatch Scheme or other similar scheme
  - Promotion of safe drinking
  - The control of glass and the provision of plastic containers or toughened glass
  - Use of radio net system (where available)
  - Provisions for dealing with prostitution or indecency
  - Provisions for discouraging drinking in public places in the vicinity of the premises
  - Policies on dress and music
  - Appropriate additional staff training.
- (6.8) All premises applying for licensing beyond 00:00hrs must demonstrate 4.9 that its customers will be capable of leaving the area without causing a disruption to local residents or impact upon crime and disorder. For example, where appropriate and relevant an assessment of the availability of late night transport, and the likely flow of pedestrian traffic away from the premises, could be included in the operating schedule.
- 4.10 (6.10) Where either prescribed and/or premises-related conditions have not been adhered to in the past, the Council will expect applicants to have considered and taken action to rectify those issues. Applications are likely to be refused where there are significant outstanding issues.
- (7.5) In considering applications, the Council will expect to see evidence that 4.11 the applicant has identified matters that impact on the likelihood of public nuisance and that these matters have been addressed in the operating schedule. Such measures may include:
  - Measures taken or proposed to be taken to prevent noise and vibration escaping from the premises or in the immediate vicinity of the premises and including any outside areas (including smoking areas) bearing in mind the location of premises and proximity to residential and other Page 11

- noise sensitive premises (e.g. hospitals, hospices and places of worship); This would include music, ventilation equipment noise and human voices, whether or not amplified;
- Measures taken or proposed for management and supervision of the premises and associated open areas to minimise unreasonable disturbance by customers and staff arriving or departing from the premises and delivery of goods and services.
- Control of opening hours for all or part (e.g. garden areas) of the premises
- Measures taken to control light to ensure that it does not stray outside the boundary of the premises such as to give rise to problems to residents in the vicinity
- Steps taken to lessen the impact of parking in the local vicinity
- Measures taken to prevent someone who has consumed excess alcohol from entering the premises and to manage individuals on the premises who have consumed excess alcohol
- Management arrangements for collection and disposal of litter and refuse, and the control of pests
- Arrangements for ensuring that adequate and suitably maintained sanitary provision and washing facilities are provided for the number of people expected to attend any premises or events
- A 'wind down time' after the last service of alcohol, during which time the venue may offer for sale non-alcohol beverages
- A 'last admission time' policy
- Management arrangements for any proposed use of bonfires, fireworks and other pyrotechnics.
- **4.12** (11.7) Standardised conditions will be avoided, although 'pools of conditions' will be used from which necessary and proportionate conditions may be drawn in particular circumstances.
- **4.13** (11.8) Conditions attached to licenses and certificates will be tailored as appropriate to reflect the individual style and characteristics of the premises and events concerned.
- **4.14** (11.9) Conditions will not be imposed which are beyond the responsibility or control of the licence holder.
- 4.15 (14.1) "Cumulative impact" means the potential impact on the promotion of the licensing objectives of a significant number of licensed premises concentrated in one area. For example, the potential impact on crime and disorder or public nuisance on a Town Centre of a large concentration of licensed premises in that part of the local authority licensing area. In certain circumstances the number, type and density of premises selling alcohol for consumption on the premises may be such that there are serious problems of nuisance and disorder arising or beginning to arise outside or some distance from licensed premises. It is possible that the impact on surrounding areas of the behavior of the customers of all premises taken together is greater in these circumstances than the usual impact from customers of individual premises.
- **4.16** (14.4) When such a special saturation policy is adopted, each application will still be considered properly and on their own individual merit, and licences and certificates that are unlikely to add to the cumulative impact on the licensing

Page 12

objectives will be granted. Following receipt of representations in respect of a new application for or a variation of a licence or certificate, the Council will consider whether it would be justified in departing from the special policy in the light of the individual circumstances of the case. The impact can be expected to be different for premises with different styles and characteristics. It will be for the Council to show that the grant of the application would undermine the promotion of one of the licensing objectives and if it would, that necessary conditions would be ineffective in preventing the problems involved.

- **4.17** (14.5) In considering such applications the Committee will have particular regard to:
  - The occupancy figure for the proposed premises.
  - The proximity of the premises to others in the Area licensed for similar activities and the occupancy figures for those other premises.
  - Whether the proposed premises will act as a replacement for others in the Area that no longer have a licence.
  - The proposed methods of management outlined in the applicant's operational plan.
  - The proposed hours of operation.
  - Transport provision for the Area.

#### NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

#### Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <a href="https://www.gov.uk/prove-right-to-work">https://www.gov.uk/prove-right-to-work</a>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

### THE HIVE STRETFORD DISPERSAL POLICY

This document lays out the minimum agreed actions to be carried out by the door supervision team when dispersing patrons upon closure of the bar (the point where alcohol stops being served). This is not designed to be an exhaustive document and other actions may become necessary as the circumstances require it.

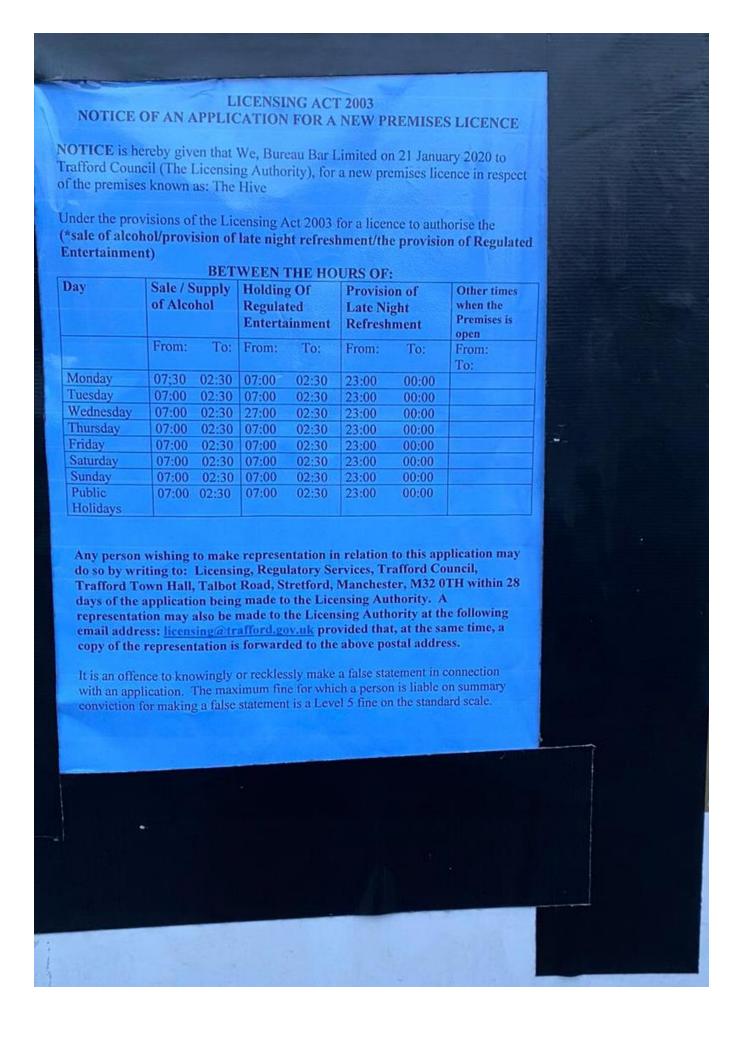

- 1 Hour drinking up time to be observed at all times from the point that alcohol stops being served over the bar. Patrons should not be rushed and allowed to finish their drinks in their own time within the hour period. The object being to ensure there is no sudden build-up of people outside the venue.
- During the last hour of business there are to be no admissions into the venue.

This is to ensure all policies are enforced, to act as a deterrent to disorder upon leaving and to provide de-escalation outside of the venue in the event of disorder. This policy is designed to cover the area directly outside The Hive venue (pavement and road)

### THE HIVE EJECTION & DRUG POLICY

This document is designed to outline the minimum expected actions of the door team in the event that persons need to be ejected from the premises. It is not designed to cover all eventualities and other actions may become necessary as required in order to protect the safety of the customers staff and property of the venue. It is also designed to stipulate our policy regarding persons found to be using or dealing drugs on the premises.

- All persons being asked to leave the venue should in the first instance be given the opportunity to leave of their own accord. If removal is required, then minimum reasonable force necessary is to be used.
- In the event of violence within the venue, the opposing parties are to be separated. The victim, if they can be identified should be detained within the venue allowing the other party to leave. The victim should only be allowed out of the venue once the other party has left, if the aggressor refuses to leave the area then a Police presence should be considered. This is necessary to ensure that we take all possible precautions to avoid further incidents of violence either within the venue or outside. Door staff should consider in the event of violence if a Police presence is required, this decision should be based on the views of the parties involved, CCTV and the severity of the incident. At all times the venues duty of care to customers should be paramount.
- Persons entering the venue should be routinely searched using both a wand and manual procedures for the purpose of preventing drugs and weapons entering the venue.
- The venue operates a zero-tolerance policy on drugs, any person found to be taking or distributing drugs should be searched and drugs confiscated and handed to the duty manager or deposited into a locked drop box (to be provided by the venue). These will then be handed to the Police. Any confiscated drugs should remain in view of CCTV at all times prior to handing to the duty manager or depositing into the drop box. The person found to have possession of drugs should be asked to leave or removed as appropriate. In the event that someone is suspected of dealing that person should be detained and the police

NEW Premises Licence Application. Bureau Bar, 124 - 125 Chester Road, Stretford,

M32 9BH.

Hi Jade.

This application seeks the following:

Live Music 15:00 to 02:30 Mon-Sun Recorded Music 7000 to 02.30 Mon-Sun

Karaoke 15:00 to 02:30 Mon-Thurs, 1200 to 02:30 Fri-Sun.

I have the following representation to make regarding the new Premises Licence Application and specifically on how the proposed activities meet with the licensing objective for the prevention of public nuisance.

There is potential for nearby residential accommodation including the retirement apartment block 'Butler Court' situated opposite the application site, to be impacted unduly by noise and disturbance associated with the operation of a bar, such as music and entertainment, customers' voices and movements, should sufficient controls not be in place.

I consider that a number of additional conditions should be incorporated into the Operating Schedule, to ensure suitable controls (having regard to applicable guidance namely the Institute of Acoustics Good Practice Guide on the Control of Noise from Pubs and Clubs, 2003) and extra reassurance for sensitive receptors nearby who may be concerned about the potential for nuisance, as follows:

- Noise from regulated entertainment must not be audible to such an extent that it constitutes a nuisance at any noise sensitive properties.
- All regulated entertainment shall be amplified through the in house PA system and noise levels controlled by the DPS or nominated member of staff. (The Music Limiting Device will be set to restrict noise levels to the levels prescribed within Table 16.0 of the Noise Impact Assessment Nova Acoustics Ltd., dated 29/7/2019, at the specific frequencies identified.)
- All external doors and windows shall be kept closed when regulated entertainment is being provided except for access and egress or in the event of an emergency.
- There shall be placed at all exits from the premises in a place where they can be seen and easily read by the public, notices requiring customers to leave the premises and the area quietly.
- The Designated Premises Supervisor must ensure that no drinks are taken or consumed outside the premises nor glasses/bottles removed from the premises by patrons.
- Notices will be displayed in a prominent position next to the entrance/exit detailing that no drinks to be taken outside, or into the area outside of the premises which is used for smoking.
- Management and staff will ensure that noise from customers using the external area immediately beyond the premises boundary for the purposes of smoking, is kept to a minimum.
- The premises shall operate in line with the approved Noise Management Plan, submitted on 2nd October 2019 by Bureau Bar Ltd in support of 97701/COU/19, to ensure that noise emanation from the premises is minimised.
- There will be no externally mounted speakers.

If you are able to confirm acceptance and inclusion of the above conditions, I will withdraw my representation.

For information - I have checked the planning status of this premises to ensure that the proposed licensing conditions reflect those attached to the Planning consent. Please note that the consent does not include or refer to any exterior area.

97701/COU/19 Units 124 And 125, Stretford Shopping Mall, Chester Road, Stretford, Manchester, M32 9BH. Change of use from a bank (Use Class A2) to a Bar/Restaurant (Use Class A4).

- 3. The premises shall only be open for trade or business between the hours of 07:00 and 02:30 on any day. Reason: In the interest of amenity having regard to Policy L7 of the Trafford Core Strategy and the National Planning Policy Framework.
- 4. All external doors/windows/openings on the front elevation of the premises shall remain closed after 2300 on any day except for access and egress. Reason: In the interest of amenity having regard to Policy L7 of the Trafford Core Strategy and the National Planning Policy Framework.
- 5. The applicant shall install a Music Limiting Device set to restrict noise levels to the levels prescribed within Table 16.0 of the Noise Impact Assessment Nova Acoustics Ltd., dated 29/7/2019 ), at the specific frequencies identified. All music played within the premises must be played via this system. Reason: In the interest of residential amenity having regard to Policy L7 of the Trafford Core Strategy and the National Planning Policy Framework.
- 6. The applicant shall ensure that the cumulative level from all external plant and equipment does not exceed 34dB LAeq at the nearest noise sensitive receptor. Reason: In the interest of residential amenity having regard to Policy L7 of the Trafford Core Strategy and the National Planning Policy Framework.
- 7. The premises shall operate in line with the approved Noise Management Plan, submitted 2nd October 2019 by Bureau Bar Ltd, to ensure noise emanation from the premises is minimised. Reason: In the interest of amenity having regard to Policy L7 of the Trafford Core Strategy and the National Planning Policy Framework.
- 8. The applicant shall install a double door entrance lobby system, as shown on the approved plans ref 3100 Drwg.2, to minimise noise breakout during customer access/egress. Reason: In the interest of amenity having regard to Policy L7 of the Trafford Core Strategy and the National Planning Policy Framework.
- 9. Prior to occupation the applicant shall submit to the LPA for approval, a scheme for ventilation/extraction equipment designed to supress and disperse the odour from the cooking of food. The scheme shall be designed in accordance with the guidance contained within Guidance on the Control of Odour and Noise from Commercial Kitchen Exhaust Systems published by Netcen on behalf of Department for Environment, Food and Rural Affairs, January 2005, and shall be installed prior to first occupation and shall remain operational thereafter. Reason: In order to ensure the efficient dispersal of cooking odours from the premises in the interests of the amenity of neighbouring occupiers and to ensure that any ventilation flues/ducting can be accommodated without detriment to character and appearance of the host building and the surrounding area having regard to Policies L5 and L7 of the Trafford Core Strategy and the National Planning Policy Framework.

**Good Morning** 

I refer to your application relating to the premises Bureau bar Limited, 124-125 Chester Road, Stretford and note its content.

The application describes a venue which is run very similar to a nightclub. It is a place that is open late into the night, where people can go to drink and dance with some type of entertainment. You have confirmed the venue has a capacity of between 250 and 300 people. This raises concerns that there is the potential for an increased risk of violence.

With this in mind the Greater Manchester Police, Trafford District feel the conditions provided on the application are inadequate when addressing the licensing objectives.

I have attached a list of conditions which I feel are appropriate to meet the licensing objectives for you to consider and would also ask that your consider including door staff on your application..

I note under the Public Safety objective you have address door staff stating it will be kept under continuous review. Door staff do not just stop undesirables from coming through your door, they carry out a range of other duties. This could be a dress code or keeping rowdy groups out of your venue and those who you would not want to enter. Keeping out intoxicated customers, deter anti-social behaviour, keeping weapons and illegal substances out of your venue. Managing the customers inside. Managing the smoking area and the egress ensuring everyone leaves in a quiet manner safely. Removing those who cause disorder and preventing them from re-entering.

Public safety rests with the organisers of a venue, door staff are key to assisting venues with this licensing objective.

I am available to meet with the applicant to discuss these matters further as working together can resolve any issues and ensure that there would be no risk of increased disorder or risk to public safety as a result of this application.

The attached conditions will form part of my representation to the local authority if the need arises.

Regards

Karen

Dear Adrian/Nigel,

I am writing to you with my concerns around the attached application, whilst supportive in principle, I think the 2:30am proposal each evening is simply in the wrong location, just across the road is Butler Court a sheltered housing scheme and next to it is Nelson Street and Lacy Street, whilst during the day the road is busy, at night especially in the early hours the road is of course quiet and noise could easily be an issue with the proposed hours. there is also some concern around the amount of bars in a single location.

I have just spoken to the manager who has concerns around this and I am emailing the details to her shortly and she will be making representations.

Whilst other adjacent bars close much earlier than the proposed hours associated with the one, I don't know of any other such opening hours for miles around and as such this could become a magnet and draw people form areas beyond Stretford especially with the nature of the proposal, as sport can now be 24/7. A city centre this would probably be a more appropriate location for the proposed hours, as you will recall I did receive a complaint about noise late night from one of the bars in this location in the last year from Butler Court, once given it is cannot easily be taken away.

So whilst certainly not against this, I do think the hours need pulling back

Dear sirs please find attached names and addresses of residents at butler court lacy street we object to the application for late licensing off the above property as this building has elderly residents and and this bar would obviously be a late night disturbance for us we already have heads that go on till all hours at weekends and now we see that this application wants it for a full week please consider that in the last year we have had 3 new bars opening and the 4th is still getting ready for its opening this application would be a 5th bar in one area . Thanking you for your consideration
