

# Trafford Health and Wellbeing Board

## Trafford Together Health and Social Care Recovery Planning Initial Thinking

Sara Radcliffe, Diane Eaton, Richard  
Spearing

22nd May 2020

# Trafford Together System

- Recovery Plan and Locality Plan
- One Plan for Our Future
- Take the Best of Both
- Population, People, Place, Partnerships

# Our Locality Plan Aspirations

- **Better lives for our most vulnerable people**
- **Better well being for our population**
- **Better connections throughout our community**

Together as  
partners

In place

With people

Focussing  
on  
prevention

Continually  
improving

# Terrible Times + Bits of Brilliance

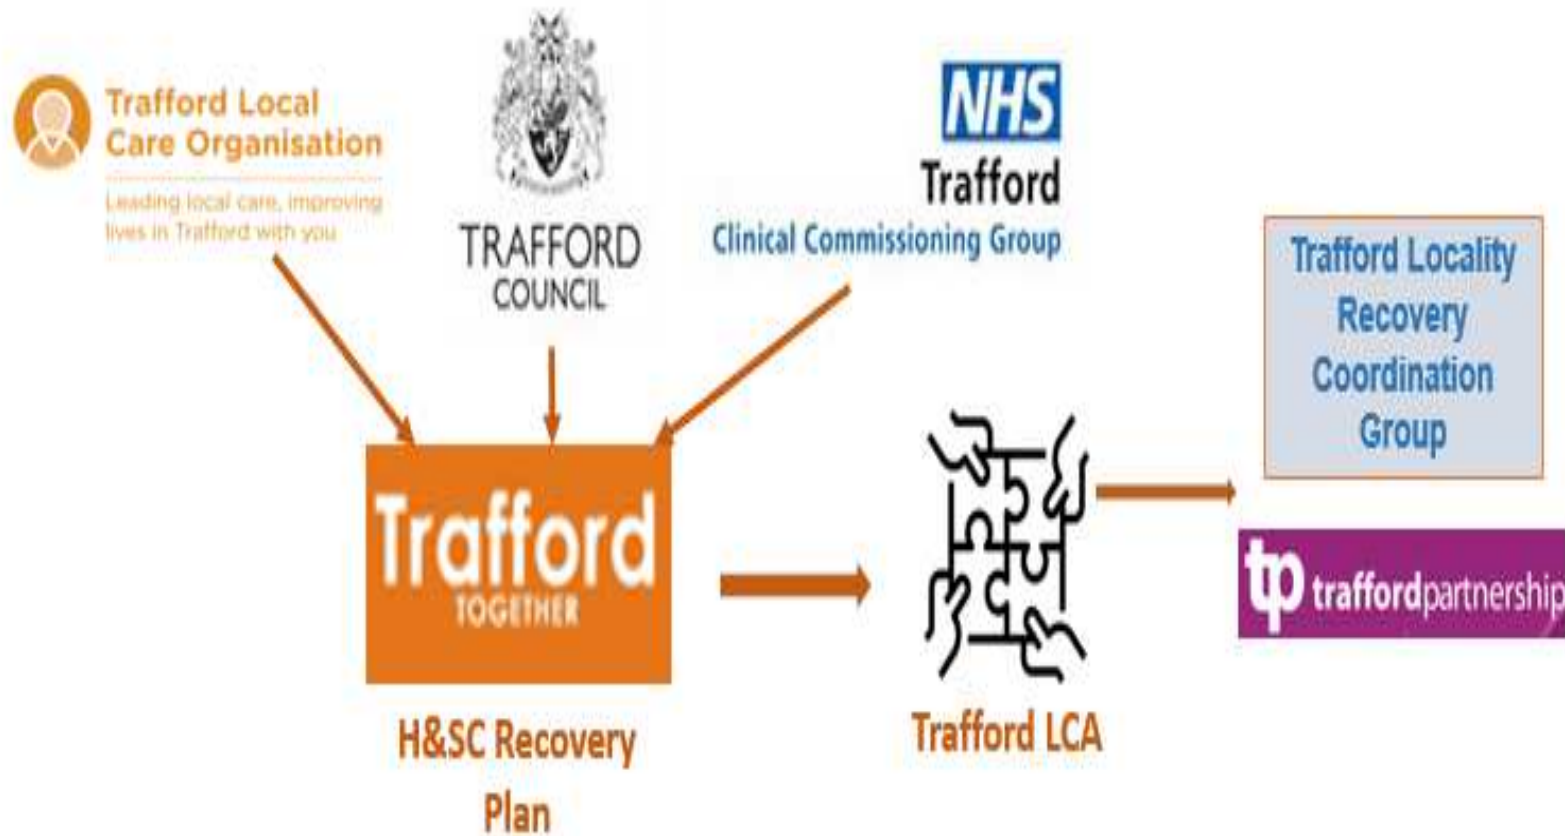

- Different ways of working
- Strong and fulfilling relationships
- Quality change at pace
- However.....
  - It is hard
  - It is relentless
  - We need to make the positives sustainable

## A Different Three R's

- The response stage
- The recovery stage with legacy
- The reset stage

Recovery  
Restoration  
Reform

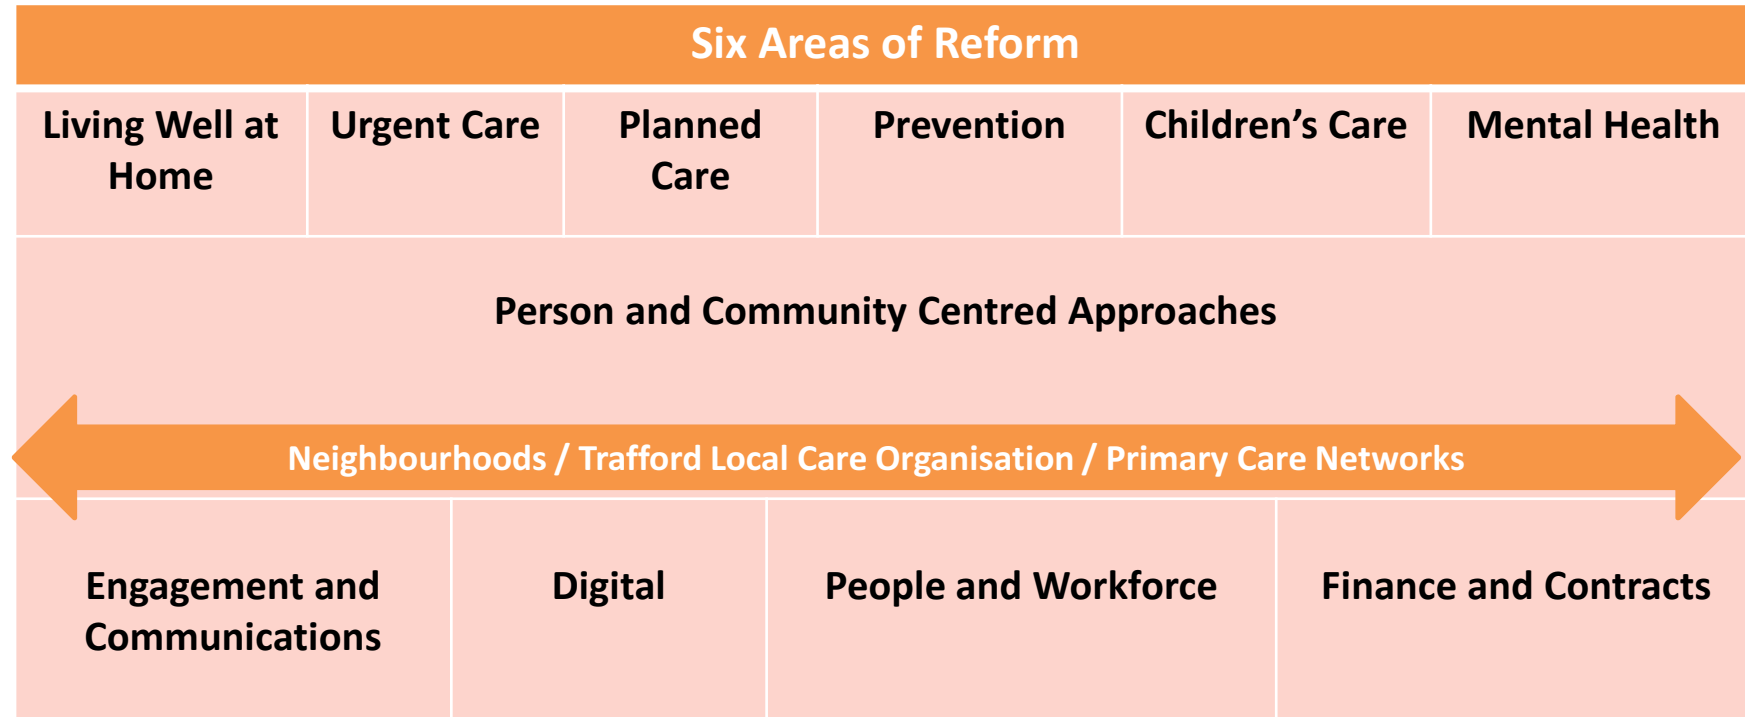

# Trafford Together System – Initial Recovery and Capacity Work

# Waves

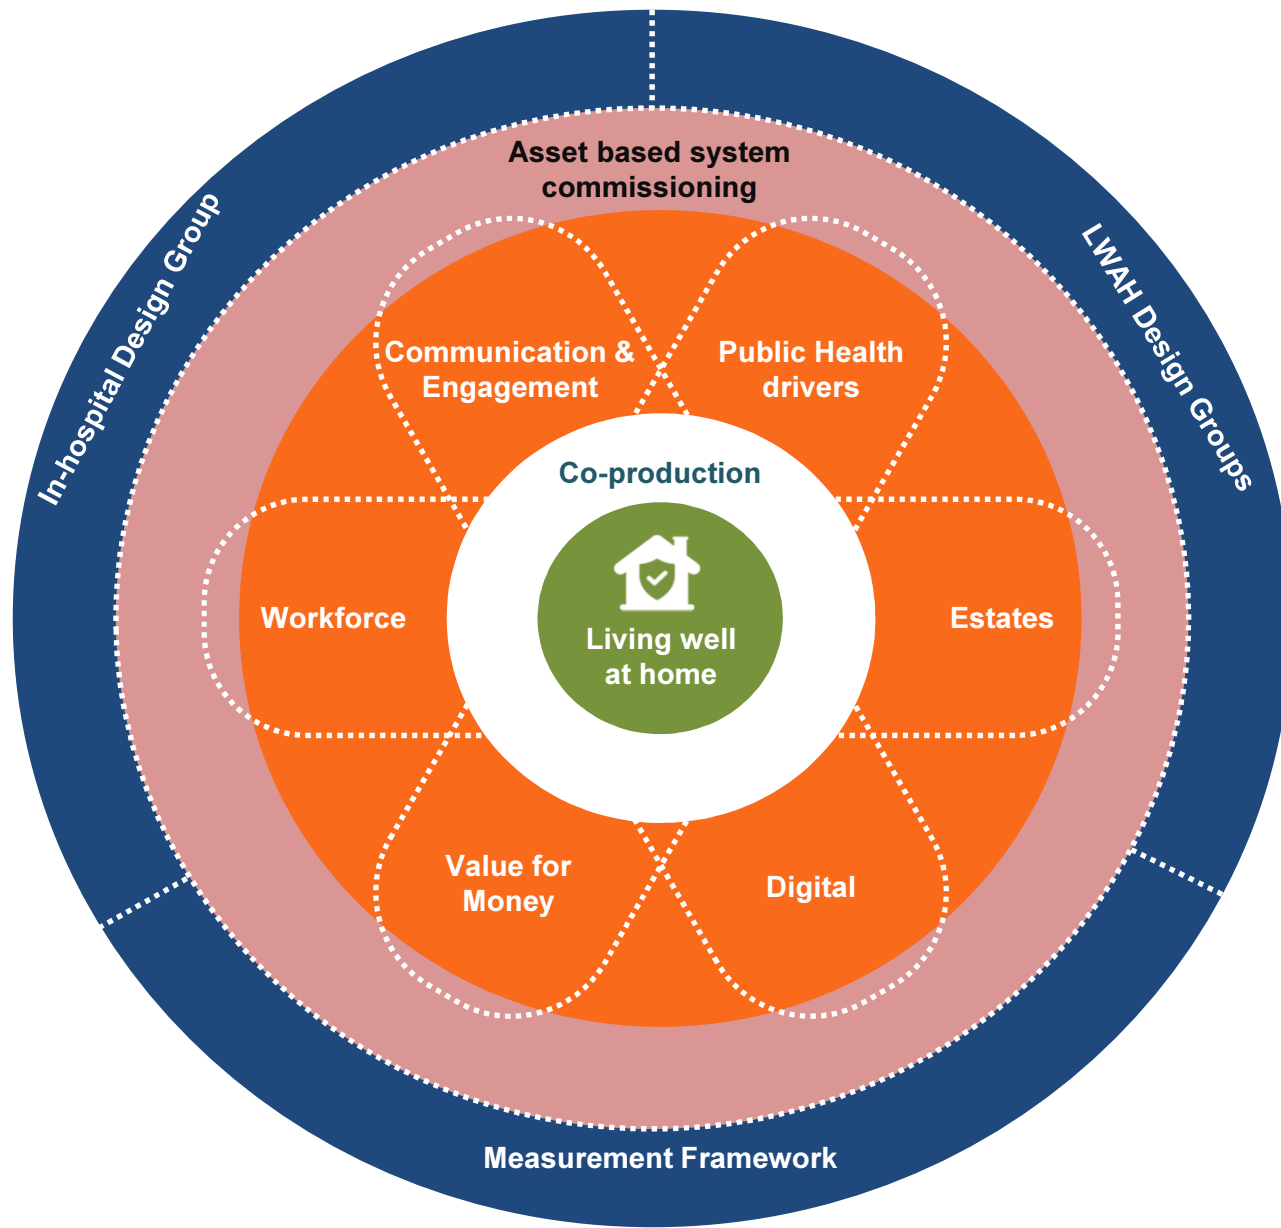

# Trafford Together Locality Plan

**How do we combine the best of both and learn from what we have done ?**

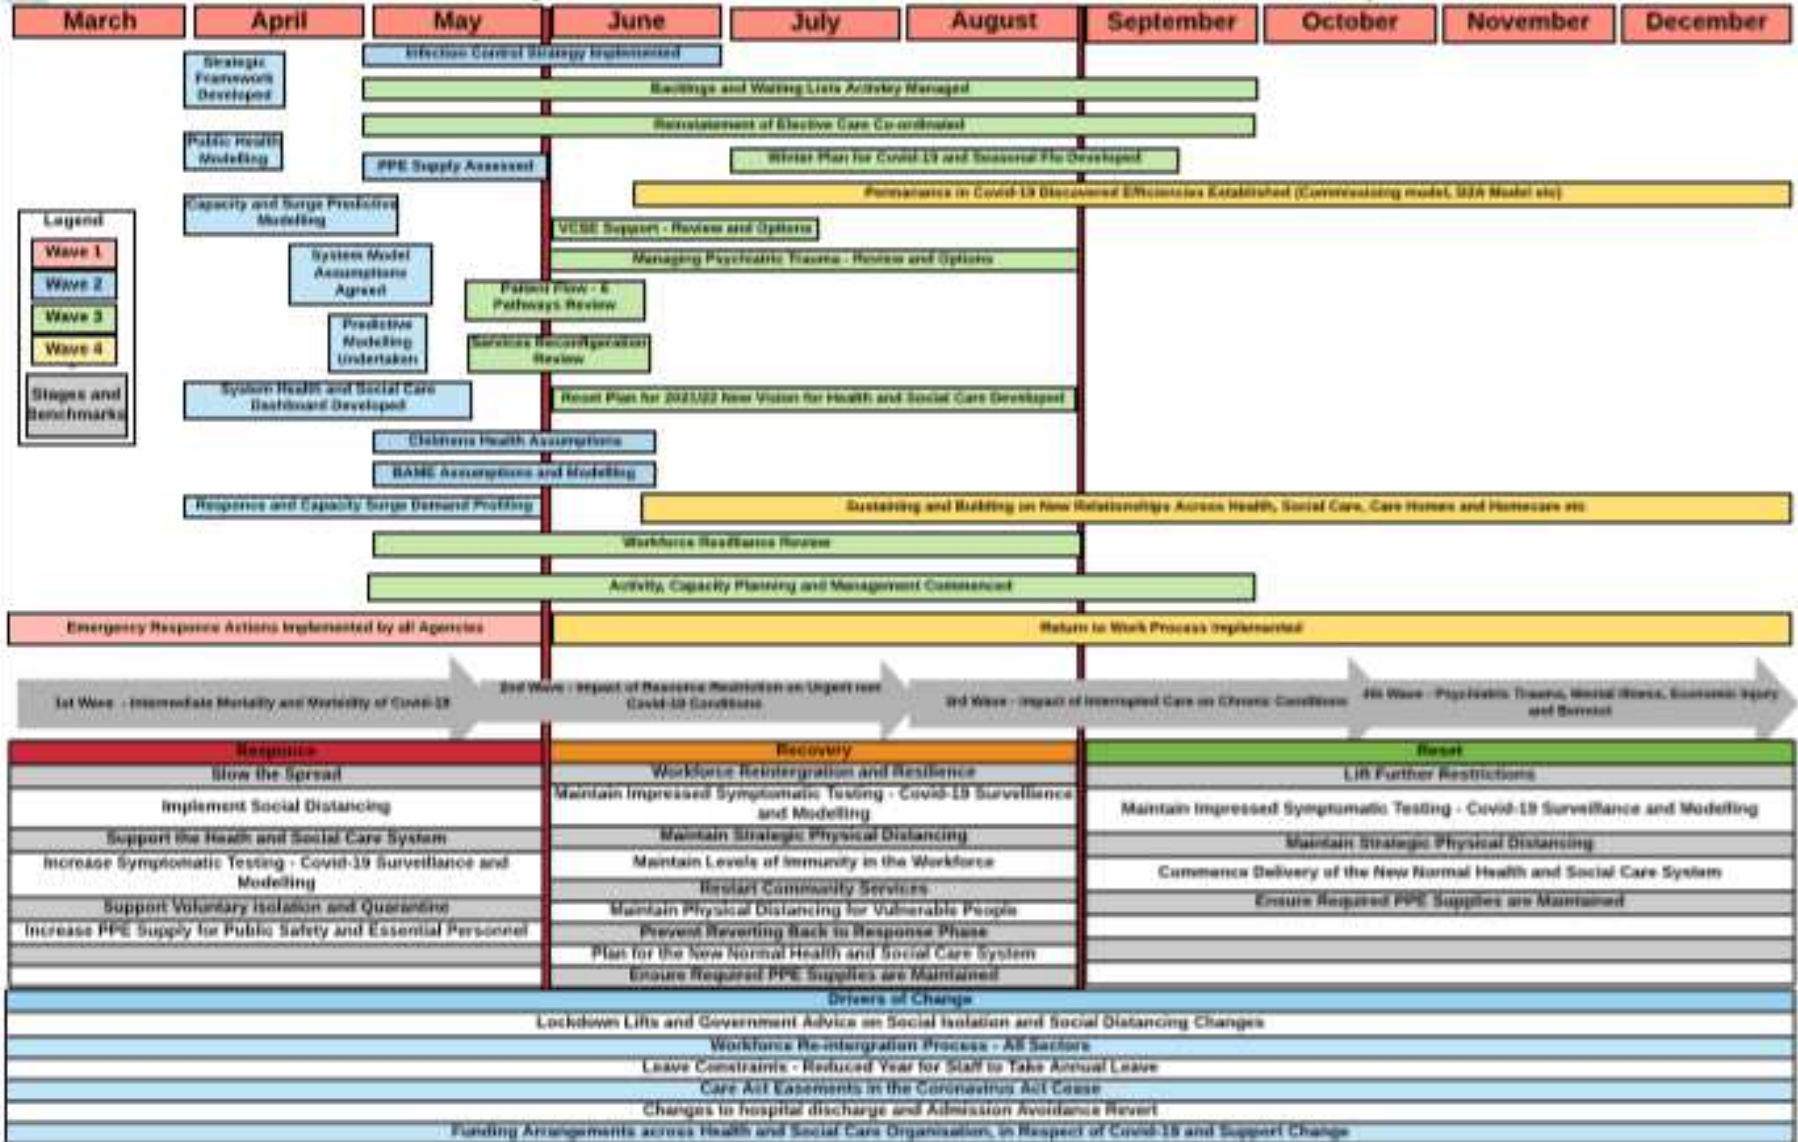

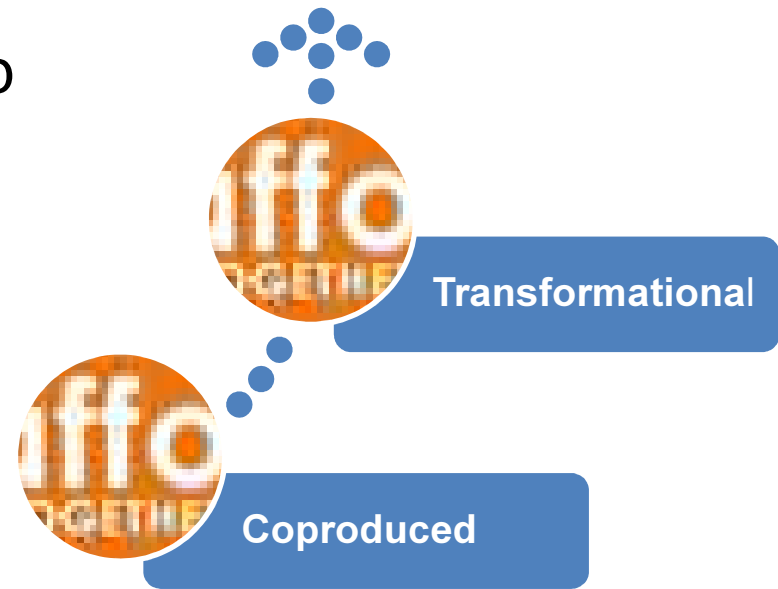

# Trafford Recovery and Reset Plan

Objective: Develop a Strategic and Operational Response to the Anticipated Demand Growth in Each Sector of Community Health and Social Care Provision

# Moving Forward.....

- Identifiable System Recovery Plan - Focus on the NHS and Social Care System
- Aligned to the 4 waves
- LCA Providing System Leadership
- Organisational Recovery Plans

## Key Question

**What is the role of the Trafford HWBB in relation to our health and social care system wide recovery plan ?**
