Good Morning George and thank you.

Licensing - please can we ensure the CCTV conditions form part of the application?

Regards

Karen

Good morning Karen

Further to our conversation yesterday, our client would accept your standard CCTV conditions as set out below being added to the premises licence as part of the ongoing major variation:-

The premises licence holder must ensure that:

- i. CCTV cameras are located within the premises to cover all public areas including all entrances and exits
- ii. The system records clear images permitting the identification of individuals.
- iii. The CCTV system is able to capture a minimum of 24 frames per second and all recorded footage must be securely retained for a minimum of 28 days.
- iv. The CCTV system operates at all times while the premises are open for licensable activities
- v. All equipment must have a constant and accurate time and date generation.
- vi. The CCTV system is fitted with security functions to prevent recordings being tampered with, i.e. password protected.
- vii. A staff member from the premises who is conversant with the operation of the CCTV system shall be on the premises at all times when the premises are open. This staff member must be able to provide a police officer or authorised council officer copies of recent CCTV images or data with the minimum of delay when requested.

Katie – FYI

Regards

George
