

# TRAFFORD COUNCIL

## DELEGATED EXECUTIVE MEMBER DECISION REPORT

**Report to:** Executive Member for Environmental and Regulatory Services  
**Date:** June 2021  
**Report for:** Decision  
**Report of:** Corporate Director, Place

### Report Title

**Proposed Amendment to the Borough of Trafford (Parking Places)(Charges) Order 2001 and the Borough of Trafford (Off-Street Car Parks) Order 2001 - Various Changes.  
CONSIDERATION OF OBJECTIONS**

### Summary

A number of objections to the recent report proposing changes to parking charges have been received with 267 objections received concerning the introduction of parking charges in Thorley Lane car park, Timperley, 5 of which were received late. One in favour response was received and one recommending a chargeback scheme for the Council to support businesses when customers spend a certain amount.

A further 19 objections have been received regarding the amendment of the currently free parking in village car parks to 50p for 3 hours in Ashton on Mersey (13 objections) and Sale Moor (6 objections). One objection was received to the parking charge increases proposed in town centres and a further objection for parking charge increases to Hale.

Having considered the objections received, approval is sought to introduce the charges/proposals within the report as outlined.

### Recommendations

Approval is sought to the following:

- 1) That the results of the consultation and objections received, be noted.
- 2) That, after careful consideration of the objections received, in respect of proposals detailed at Schedules 1 and 2 to this report, the order be made and implemented in part in respect only of the proposals detailed in schedules 1 and 2 to this report
- 3) That the remaining part of the advertised proposals for Thorley Lane car park be the subject of a further report following the carrying out of a traffic survey.
- 4) That the 2020 Notice and proposals be formally withdrawn and the objector be notified accordingly.
- 5) That the objectors to the proposals be notified, in writing, of the Council's decision.

| Health & Wellbeing Implications                    | None   |
| Health and Safety Implications                     | None   |

## 1.0 BACKGROUND

- 1.1 The Council reviews the fees and charges applied across service areas annually and propose changes in key areas. As part of this review the parking charges across the borough have been reviewed and it was identified that the Thorley Lane car park in Timperley was the only village car park not to have parking charges applied. A number of amendments to other parking charges were proposed, linked to increasing costs.

## 2.0 PUBLIC CONSULTATION

- 2.1 A public consultation of the Council Budget proposals for 2021/22 was carried out between 4<sup>th</sup> Nov – 7<sup>th</sup> Dec 2020 inviting comments, the Council reviewed the comments received and agreed that all the parking proposals put forward should be progressed. The budget report for 2021/22 was approved by the full council at the Budget Executive meeting held on 17/2/21.

## 3.0 FORMAL ADVERTISEMENT

- 3.1 The formal advertisement of the proposals was undertaken on 3<sup>rd</sup> June 2021 for three weeks, which included advertisement in a local newspaper and on the Council's website.

- 3.2 During the formal advertisement, 267 objections have been received for the proposal to implement charges on Thorley Lane car park in Timperley following local Councillor leafletting in the area (5 of these were received after the closing date). One in favour response was received and one recommending a chargeback scheme for the Council to support businesses when customers spend a certain amount.
- 3.3 A further 19 objections have been received regarding the amendment of the currently free parking in village car parks to 50p for 3 hours in Ashton on Mersey (13 objections) and Sale Moor (6 objections). One objection was received to the parking charge increases proposed in town centres and a further objection to the increases that will affect Hale.
- 3.4 Details of the objections are in Appendix A below.

#### **4.0 CONSIDERATION OF THE OBJECTIONS**

##### Thorley Lane car park, Timperley

- 4.1 A review of the 262 objections received for the introduction of parking charges at Thorley Lane car park, Timperley have been considered. 139 of these were linked to the public acknowledging the closure of the Baker St car park confirming that the long term impact on the number of spaces lost to date was detrimental to the area. They also confirmed that the impact of covid-19 on local businesses would continue if charges were applied with concern that roads in the area would become more congested with people not wanting to pay.

- 4.2 Baker Street car park is due to re-open in summer 2021 with 71 parking spaces to be available for public parking, charges apply. This brings the total off-street parking for Timperley Village to 134 car parking spaces available to support c60 businesses and other premises. There are a further 11 short stay spaces for up to 45 minutes parking at the Co-Op.

On Street there is also provision for short stay parking for 10 spaces (up to 20 minutes) plus a further 11 spaces for up to 1 hour. Bringing the total parking available for Timperley to 166 spaces (not including the sports field parking on Park Road that is currently unrestricted with 23 spaces) for c60 businesses in the Village.

- 4.3 The Council recognises the concerns that introducing charges on Thorley Lane car park could lead to displacement of parking onto nearby roads and intends therefore to conduct a traffic survey, in conjunction with a review of on-street parking in Timperley village, to assess the wider impact of introducing charges to Thorley Lane car park. It is anticipated the survey will be carried out this summer and a further report will be then be submitted for consideration which will include a recommendation regarding the introduction of the proposals for Thorley Lane Car Park and the objections received – Schedules 3 & 4.

##### Village car parks

- 4.4 Of the 19 objections received regarding amending the currently free for 2 hours tariff to the proposed 50p for 3 hours; 6 of which were for Sale Moor and 13 of which were for Ashton on Mersey, the Council has considered the grounds on which these objections were raised. The Council confirms that village car parks have previously been free to park for up to 2 hours for more than 3 years, introducing a nominal charge to park for a 3 hour period would help to recover the operating costs for the village car parks to alleviate the need to review redeveloping or selling the assets.

##### Town Centre parking

- 4.5 One objection has been received relating to the increase in charges across the borough as it is already impacting on the frequency people are visiting/shopping.
- 4.6 One objection has been received relating to the increase in charges across the borough and the impact it will have on Hale.

A summary of the objections received, and the points raised are detailed in the table shown as Appendix A.

- 4.7 The Council has given careful consideration to the objections and other representations received and has provided a summary of the objections and the Council's response in the table in Appendix A.
- 4.8 The Council concludes that the objections should be overruled and the proposals implemented as advertised. The Council propose to monitor parking once the charges are introduced and if parking does migrate to local roads to a concerning level in the Timperley area consideration will be given to the introduction of additional waiting restrictions.

## 5.0 COMMENTS

5.1 **Chief Constable's View:** No comments received.

5.2 **Chief Fire Officer's View:** No comments received.

5.3 **Transport for Greater Manchester's View:** No comments received.

5.4 **Ambulance Services' View:** No comments received.

5.5 **Hackney Carriage Driver / Operator Representative's View:** No comments received.

5.6 **Ward Members' Comments:**

**Councillor Cordingley** - Noted.

**Councillor Jarman** - Introduction of these charges are Labour Group policy as we need to cover the shortfall in protecting vital services. I voted for the policy at the council budget meeting and therefore have no objections to the introduction of these charges.

**Councillor Lamb** - I am opposed to the new charges. I have made the point now on a few occasions that while 50p for the first 3 hrs may not seem a lot, for shoppers popping to the Co-op or Tesco this is equivalent to a 50p charge on say a loaf of bread or a pint of milk. I might add that as part of lobbying to make good and tarmac the Greenbank Rd car park I agreed to the and introduction of car parking charges to prevent all day parking (as was previously the case) but with the important provision that the first 2 hrs of parking be free to enable most visitors to the village to park and use the local businesses. This work extremely well. You may recall that in the past we have had problems with all day parking at The Buck Inn. My concern is that as more people opt to use the pub car park then the brewery may once again look to impose a more severe parking regime than is currently the case which would result in very little free parking for visitors. I am supportive of the comments that have been registered by the 13 objectors.

**Councillor Brotherton:** These increases were agreed by Council at the last Budget Meeting.

**Councillor Acton:** I support Parking changes.

**Councillor Coggins:** I'm happy to support this TRO, the council can't keep subsidising parking given that the evidence is clear that this does not support local businesses and in fact increases congestion

**Councillor Welton:** I'm in agreement with Cllr Coggins on this and will support this TRO.

**Councillor Jerrome:** I'm in agreement with Cllr Coggins on this and will support this TRO.

**Councillor Brophy:** I disagree with the parking charges being introduced in Thorley Lane car park.

This is due to a large number of older and/or disabled residents who would find it difficult to get to the village without a car.

Plenty of people use Timperley village for ALL their shopping needs – as it has a small Sainsbury's, a good sized Co-op, plus smaller bakeries, other small shops and Iceland. Car ownership is lower in the less affluent parts of Village ward and people depend upon the local shops thriving. The local businesses are less sustainable if those that drive and park in Timperley village switch and to shopping in Altrincham for the free parking available there. There is a need to protect local shops and businesses and shopping locally is more sustainable.

Car parking charges will push people to park on residential streets - causing congestion, a danger on street corners and inconvenience to our residents. Parking in residential areas by those using the shops will cause a hazard to disabled people and those with prams/pushchairs. Also creating hazards for cyclists and pedestrians.

Alongside car parking being available we need electric buses, electric charging points, road design and measures to encourage more pedestrians and cyclists. Additionally a redesign of the roads in Timperley village to be made to encourage pedestrians and cyclists.

**Councillor Harding:** I am in agreement with the recommendations of this report.

**Councillor Morgan:** As the Shadow Environment spokesman, can I add my objection to this report, and disagree with the proposal to override these significant concerns to the plans of the council.

Both the increased rates in our town centres, as well as the proposal to charge in our village centres, is the wrong decision at any time, but especially at the current time. Our local businesses have had a terrible tough 18 months, and this decision will slam them with yet another, unnecessary additional burden, deterring potential customers from using their businesses, given the option of the Trafford Centre, completely free, at most 20 minutes drive.

**Councillor Haughey:** I also agree

**Councillor Bennett:** I support the proposed charges.

**Councillor Mitchell:** I regret that I must Object to this TMU.

The current Pandemic has brought many companies, jobs and livelihoods to an end, and many more are on the brink of collapse.

This is not the time ( if it is ever ) to increase cost and reduce the amount of spaces available. Please think again.

**Councillor Adshead:** I support the proposals as set out

**Councillor Axford:** I support the proposed parking amendments as agreed in the Budget approval.

**Councillor Hynes:** I support this as per the Budget approval

**Councillor Hartley:** I agree with these proposals.

**Councillor Williams:** I have no objection to this.

**Councillor Freeman:** I am supportive of all the proposals to increase parking charges.

**Councillor Winstanley:** Support as per Budget approval.

**Councillor Newgrosh:** My response only speaks to the changes directly affecting Timperley Village.

I am a ward councillor/member for Timperley Village.

The carpark involved sits inside my ward.

The residents directly affected are split between Village and Timperley wards.

These residents have been vocally clear in their objections. To me and in writing to you.

I note that for the entire of the rest of Trafford, outside of Timperley, 40 objections were received. Timperley Village alone there were 267 objections. More than six times the total received from the whole of the rest of Trafford combined.

Could I point out that at least two (possibly more?) of those objections come from Community Groups. I know the Larkhill Community Group wrote to object on behalf of their 600-900 DAILY users of the Larkhill Centre (which itself has off street parking provision for four vehicles). I would appreciate acknowledged in your report, how many of the objections were on behalf of Timperley community groups (their respective sizes/user groups) and how many were individual objections.

These groups play a key role in community life and support a diverse range of residents. Thorley Lane 2hr Limit (no return within 1 hr): The Larkhill groups tell me that many of their activities, such as Dementia groups and Bridge take considerably longer than two hours. This two hour limit alone will deeply affect the use and utility of the Larkhill Community Centre (which as I mentioned utterly relies on Thorley Lane car park to supplement its own four spaces). I am told that a cut & colour at the hairdressers also takes longer than 2hrs, which I am informed is an important fact to consider.

If we accept the 71 figure for available parking spaces in Baker Street (this is not my recall from the accepted planning allocations), I would like it clearly noting to executive that previously this carpark had 150 spaces to serve the Village and the Library. The 71 spaces are to serve the village, Library and a health centre. While Baker St. has been closed, new high footfall/visitor businesses such as a gym have been approved/established within yards of Baker St. Significantly Increased demand for significantly reduced supply. This should be made clear to the Executive and considered.

If we are going to add in the on street short stay (up to 20mins) parking, this needs to be listed distinctly from the long stay. They are not the same and should not be treated as such.

Your response that the alternative to bringing in charges is "to review whether the asset should be redeveloped or sold" holds no water. Trafford just sold/redeveloped Baker Street Car park AND then brought in charges. We have already sold of a major parking asset in the last five years and increased demand with the addition of a medical practice+chemist and new apartments atop the old carpark.

Your consideration makes no mention of, or consideration to, the lack of protection for Thorley Lane itself. The majority of which (bordering Larkhill Park) is narrow and unrestricted to free on street parking. Thorley Lane is a main route to and from Timperley. It is a double decker bus route. It is partially blocked on a weekly basis now and this will not improve with these proposed changes. This is a huge omission. This must be addressed. I would also like to raise the point of ignoring our residents. The consultations should be just that, exercises in listening. I do not recognise this in the response provided.

Due to the volume of the objections for Timperley I would have (at the very least) hoped for an investigation/report into the changes (Baker St & proposed Thorley Lane), an impact assessment and consideration to Thorley Lane protection. I would hope that this report/assessment could be done during a postponement of the implementation of changes by at least one year. I believe, from an answer given by an Officer, that the value Trafford put on the parking at Thorley Lane is £9000pa. I would like the size of this cost to be made clear to Executive, in relation to the number of objectors (& ask them to bear in mind the relatively trivial nature of such an amount in comparison with the overall budget and even the tiniest variance to that budget. It represents 0.005% of the annual budget)

Can it also be brought to the Executives notice that Officers, back in July 2018, when talking about a 2017 Report (attached) into the potential for the Baker Street scheme to cause displacement parking:

"A survey that was carried out on the 7<sup>th</sup> November 2017, detailing the parking in the area as observed by the Traffic Engineer. Whilst two options are considered as potential

solutions, it is worthwhile noting that although the Engineer believes that displacement parking will occur, its impact will be negligible as the numbers concerned are considered to be small. Furthermore, the report concludes by recommending that the parking conditions be re-assessed once the development is fully operational.“

Displacement will occur. Displacement has occurred. I request a pause in the Paid Parking implementation while the recommended re-assessment is carried out and a report produced for consideration. I also strongly object to ignoring so many residents objections and the fact that those objections include a number of Community Groups without identifying them or giving them due weight.

**Councillor Young:** I can only repeat what I have already stated in the past that these parking charges will damage the section of the Business Community in Hale Central that has been struggling to survive over the past 18 months. I have opposed these charges in the past and I must do so again. If the Business Community in Hale is to continue then help must be given to them to provide parking for their employees as well as for their customers. I have stated in the past that Hale does not benefit from any large car park such as is provided by both Sainsbury and Tesco in Altrincham where one can park for free for up to two hours. Having to pay £1.20 to post a letter in the post office or pick up a loaf of bread or a prescription from the chemist is, I think, unreasonable.

**Councillor Thomas:** I fully support the document, and think it will have a positive effect locally.

It has to be an aim to improve air quality and for most 50p for 3 hours is not prohibitive in off road and secure car parks. If the air quality on our roads become clearer, especially, around the roads that are in town centres, the new charges will be a part of a solution for the improvement to road safety around pedestrians and cyclists is a good result, and in line with GMCA clean air plans. This brings the whole of Trafford into line in the Borough and nationally in the majority of towns and villages.

**Councillor New:** I confirm my agreement with the report.

**Councillor Dillon:** I support the charges

**Councillor Boyes:** May I add my objection to this report.

I believe increasing rates in our town centres, as well as a proposal to introduce charges in our village centres, would be a wrong decision at any time, but especially now. Our local independent businesses have had an extraordinarily tough 18 months, and this decision will slam them with yet another, unnecessary additional burden, deterring potential customers from using their businesses, especially given the option of the large supermarkets such as Tesco and of the Trafford Centre, completely free, all within a very short driving distance

**Councillor Minnis:** I find the idea of ignoring 267 residents and community groups rather concerning. How this can be a recommendation is beyond me. Clearly the public have spoken along with community groups and the ward councillors. The charges will destroy our village and turn it into pizza shops galore. It is also discriminatory as detailed in my original email to object to the charges in the village. Other areas had a lower level of complaints yet timperley is being bundled in with the rest instead of listening to the community groups and people. I find it disappointing to say the least.

**Councillor Butt:** As I only have the option to 'comment' instead of 'agreement', I will state that the blanket overruling of objections within the report demonstrates a total disregard for struggling businesses trying to survive the impact of Covid and keep the highstreets alive; not to mention the effects on the retail jobs market that young people desperately need to gain work experience. It would be shameful for our residents and visitors to our village and town centres, the life blood of our communities being shunted and deterred from using their local centres. More council members need to reflect on how a local economy works that

ultimately pays for services and which supports community wellbeing. I am not in agreement.

**Councillor Chalkin:** As a new Councillor I must say that it is shameful that these objections are being overridden without due consideration. The increase in parking charges will adversely affect businesses in my own ward, particularly the many businesses that rely on custom from outside of the immediate area. As has already been stated, Hale does not benefit from large car parks and indeed it is seeing available car parking decline. Businesses in Hale rely on custom from as far as Warrington and, at present, employers and employees alike cannot afford to park in the Village, causing them to park on residential roads, causing congestion on roads that are not designed to accommodate them. Such increases will only make that worse and lessen the attractiveness of Hale as a place to do business.

I am not in agreement with the report.

**Councillor Ged Carter:** I agree with the proposal which is part of our agreed Budget plans

**Councillor Karina Carter:** I am delighted to support this proposal.

**Councillor Akinola:** I am in agreement.

**Councillor Evans:** Shocking disregard for residents, businesses and the effects of Covid on our town centres but no more or less than expected. No thought or care for our businesses 1 parking ticket on a family car will banish the family from villages and drive them to the supermarkets. The desired result delivered by the report with residents ignored.

No agreement from me.

**Councillor Bunting:** I cannot agree with the report – This is not the time to increase charges. Local business need support from council, not another push to drive customers to out of town shopping.

**Councillor Maitland:** I too agree with this as per Budget approval.

## 6.0 CONCLUSIONS

- 6.1 All relevant matters referred to by the objectors have been carefully considered and the Council concludes that the objections to the proposals, except those for Thorley Lane Car Park, be overruled and the proposals implemented as advertised.
- 6.2 It is also recommended that the objectors be informed of the Council's decision.

## 7. Other Options

The Council have reviewed not making any changes to the current charges in 2021/22 however, it was felt that the town centres would benefit from a longer initial stay for the first tariff to help revive shopping areas, with other tariffs incurring a nominal charge increase applied to help manage capacity and turnover of spaces. The Council also believe that continuing to increase charges, in line with other forms of transport, acts as a deterrent to car use where other forms of transport, including cycling and walking are being promoted. The Council are working towards less overall car use as part of the Clean Air Plan.

## 8. Consultation

The proposals within this report were the subject of a public consultation during 4<sup>th</sup> Nov – 7<sup>th</sup> Dec 2020 inviting comments.

A formal advertisement of the proposals was undertaken on 3<sup>rd</sup> June 2021 for three weeks, which included advertisement in a local newspaper and on the Council's website.

The report is also passed to Traffic Management Unit members for consultation, comments received from members have been recorded above.

**9. Reasons for Recommendations**

The comments received from Councillor Newgrosh contained a request that the Council carry out a further traffic survey to review congestion that he indicates will be increased on Thorley Lane should the charges be implemented. The Council's Traffic Section have confirmed that, following a previous request for this, there is funding in place for a Traffic Regulation Order review to be carried out this year. As such, the Council will delay the implementation of charges at Thorley Lane car park until this review has been completed in the autumn of 2021, which will then be the subject of a further report.

The objections received regarding an increase to the currently free period of parking for Sale Moor and Ashton on Mersey villages have also been considered however it is felt that the nominal cost of 50 pence to park for up to 3 hours will still provide low cost parking to access local facilities. Both village areas have additional on street short stay parking.

The objection to an increase in parking charges in Hale has also been considered and it has been stated above that there are no proposals currently to reduce the number of free, limited time parking spaces on street in the area. The proposed increases in charges will contribute to the increasing operating costs.

The objection to the proposals to increase charges in town centres has been considered, these are in line with other providers and will help maintain the current facilities and services provided for future public use.

**Key Decision** (as defined in the Constitution): No

**If Key Decision, has 28-day notice been given?** No

**Finance Officer Clearance** (type in initials)...PC.....

**Legal Officer Clearance** (type in initials)...TR.....

**[CORPORATE] DIRECTOR'S SIGNATURE** (electronic

To confirm that the Financial and Legal Implications have been considered and the Corporate Director has cleared the report prior to issuing to the Executive Member for decision.

**Appendix A**

| OBJECTION        | RESPONSE |
|------------------|----------|
| Ashton on Mersey |          |

|           |             |
|-----------|-------------|
| Ward: All | 1404 (6/21) |
|-----------|-------------|

|   |  |
|---|--|
| <p>Objection 1<br/> We have our own business in the village and we feel that this would have an impact on the traders and the customers. It would have been more appreciated if you had approached the traders with your proposals out of courtesy, but you seem to have been underhand whilst a lot of shops are closed due to the current situation.<br/> We have had to close our doors for the third time in the past 12 months which has had a detrimental affect on the village, we hopefully will be returning again on the 12th April and feel that people should be encouraged to use the smaller shops without worrying about parking times and cost.</p> <p>Objection 2<br/> We would like to object strongly to the proposed revised car parking fees to the Greenbank Road Car Park as we believe that it would not only impact on patients but also on the general footfall of the village.</p> <p>Objection 3<br/> We have been informed that Trafford are considering increasing the charges for parking in Aston on Mersey village, we strongly object to this proposal. We are all trying to support the community in coming back to the village safely in these uncertain times, to add a cost to bringing people into the village is an utter disgrace. Covid 19 has seen a lot of people see a reduced income for a long period of time and so to ask them to pay for parking to go shopping is just an extra worry for the community. Fifty pence added onto buying a pint of milk makes that pint of milk for some families impossible, this should be considered.</p> <p>Objection 4/5/6<br/> I have recently discovered that Trafford Council are reviewing parking charges within Trafford. As part of this review, I understand that the Council are proposing to change the terms of Greenbank Lane Carpark by replacing the 2hour free parking period and £1.00 thereafter, with a charge of £0.50 for 3 hours and £1.20 thereafter.<br/> I strongly object to any changes to the parking charges in Ashton on Mersey village and the Greenbank Lane Carpark. The current system works very well, with convenient parking often mentioned as a major motivation for local people to use the village and the village traders. This convenience will be removed by the £0.50 parking charge.<br/> The proposed changes will have a hugely detrimental impact on local shoppers and local business, which would be terrible at any time but seems particularly incongruous when Trafford Council are professing to support local businesses and encourage people to shop local. This proposition will do exactly the opposite.<br/> On a personal note, and as an owner of a small independent business in Ashton on Mersey village, can I just say that I am appalled that Trafford Council would choose to do this now. I realise that there is never a good time for these things but my business, alongside many others in the village, has suffered hugely with restrictions, closures, low footfall etc. We</p> | <p>A low cost charge to park for longer than is currently available, 3 hours instead of 2 hours, is proposed along with an increase to the all-day charge to ensure the increasing annual operating costs for each car park are covered by the income received to support retaining the car park for public use for the future.</p> <p><b>Recommended to overrule as objections.</b></p> |
|---|--|

are concentrating on opening on the 12<sup>th</sup> and we could well do without Trafford Council kicking us whilst we are down and forcing us to use our valuable mental bandwidth and resources, fighting parking issues when we are literally fighting for our livelihoods. Shame on you, Trafford Council. Should you require more information from me to support my concerns, please do not hesitate to contact me but in the meantime, please do not implement these changes in Ashton on Mersey Village.

Objection 7

I currently own 2 hairdressers in Trafford, one being in Ashton-on-Mersey village. I feel a charge for the car park for minimum time will really have a big impact on our business. The current charge system works effectively!

A quick pint of milk, haircut, eye test etc. free for 2 hrs. It took our customers a long time to adjust to the first time it changed. Things have been really tough on us small businesses this last year! We have been closed more than open. We need passing trade, and to make it easy to use our shops! I personally if I did not have a 50p would shop elsewhere ie. the Trafford centre where it's plentiful and free. Why not charge more for over 3 hrs ie and keep it free for 3! These next few weeks are really going to be difficult enough. Please consider us and our shoppers

Objection 8

I am writing to you regarding the park charges that may be put in place. Most people who park in the village usually stay there for a short period. I think that it wouldn't be fair on the people to pay more just to stay for a couple minutes. It would be appreciated if you could understand our point of view.

Objection 9

I would like to express my objection to the proposed changes in parking charges on Green Bank Road Ashton upon Mersey. I am a resident of the village and changing parking restrictions would have a profoundly negative effect on local businesses and the community in general. We need to strive to encourage people to visit our village and use the local shops - by applying parking charges this would discourage them away from the local area and back into large stores that have free parking.

Objection 10

I understand that you are planning to charge for short term parking at Ashton on Mersey shopping area.

I firmly believe if you do this it will stop people coming to use the local shops and kill off the trade and local business. Keep first hour or 2 free as it currently is and people will use the facilities.

I use the shops but if the charge is introduced will not use the car park so will shop elsewhere

Objection 11

I object to the proposed village parking charges.

Short sighted and not thought out.

Village shops will suffer, I often use AOM and Sale Moor but will just go to Sale or Trafford Centre for free parking instead.

You then have the cost of traffic warden or anpr to monitor this whilst adding to unsafe parking dye to people finding any other alternative.

This is exactly what destroyed Altrincham.

Objection 11

Please accept this email as as strenuous objection to the proposed charging for the car park in Ashton village. The lack of additional parking here would kill off trade in the village as there are very limited places to stop directly outside the shops I find it rare to get a space on the road and I would not go to a shop there if I had to pay for parking.

Objection 12

I would like to comment on the proposed parking charges in Ashton Village. Parking charges in Sale helped to close a lot of the shops in Sale, parking charges on Ashton Lane helped to close Sale DIY. The current scheme in Ashton village works well with people using the parking bays and car park for short term parking. Remove this and watch the village die.

Objection 13

I wish to object to the proposals to remove the short stay free parking in the village carparks but especially Ashton Village. Shoppers will not pay 50p to pop to the shops for a short period such as getting a prescription or medicine from the chemist, getting a loaf or other bits from shops, meat from the butchers, flowers from the florist or a newspaper. All it will do is cause traffic chaos in the village as people try and park for free along Green lane or Greenbank road.

The other scenario is that shoppers will just go elsewhere such as M and S in sale, where you can park for free, or Sainsburys or Tesco where parking is free for a minimum spend. As someone who used to work in the Village, I saw at first hand what happened when the Buck started charging for parking, the Buck carpark stood empty and Greenbank lane was full of workers cars, no where for the shoppers to park and business in the village dropped off in some cases not to return. Putting the free parking for short stay solved this as not all workers were prepared to pay a £1 for all day, the buck car park was still not used. Also raising all day parking to £1.50 is going to cause some workers not to park there, moving them onto residential roads, which whilst I know as a resident you don't own the space outside your house it is annoying not to be able to park there especially if you don't have a drive and say have a baby or young child. Sale Moor is much the same, although I live near Ashton Village I use the dentist in Sale Moor and if I couldn't use the car park would park on a residential road and not visit the shops there which I do now when I visit the dentist. A short sighted way of raising money, as it will ruin the businesses in the Villages.

One thing that could be done to raise more money and improve things for residents who have commuters, office workers, shop workers parked outside their houses in any road near Sale centre which does not have residents parking would be to lower the parking charge on Oaklands drive carpark to £1 a day. If you observe it at any point during the

|   |  |
|---|--|
| <p>day on a weekday it has 3 or 4 cars on it at the most, drop the price and people might use it.</p>   |  |
| <p><b>Sale Moor</b><br/> Objection 1/2<br/> I believe that there are plans to kill off the dying community village of Sale Moor where I live, by charging the people that live there for using and supporting their local shops?<br/> Sale Moor is a fabulous and friendly community, that has fought the awful pandemic to keep going and just as we start to see a light at the end of the tunnel, Trafford Council and Amey propose to destroy this for their gain.<br/> I would like my objection to these proposals to be recorded and acknowledged and for the community of Sale Moor to be directly involved in any decisions made in their community.<br/> Objection 3<br/> Re the recent proposal to charge for village parking, this is ridiculous, trying to increase village life by all the posters "shop local", then taking it away by parking charges. I totally disagree with this, and this will cause a massive backlash from residents.<br/> Objection 4<br/> Please accept this email as a strenuous objection to charging for the use of the currently free car park in Sale Moor.<br/> There are virtually no places to stop outside shops in Sale Moor so in order for businesses to be able to survive, they need customers to be able to park in the free car park with no charge. Charging for this car park will deter people from shopping in Sale Moor and businesses will suffer.<br/> Objection 5<br/> I wish to express my utter disgust at reading about proposed parking charges in Sale Moor village. If you want to discourage people from using our local village you are going the right way about it. Not quite sure who is in the position to make these proposed changes but clearly haven't a clue about what a village is all about.<br/> Many have expressed their disagreement on this. Many walk to the village but when they have items they can't walk far with they need to use the car at times. Don't ruin things for the sake of a few pounds car park revenue. I'm sure you could easily find other ways if raising money.<br/> Objection 6<br/> I object to the proposal of the fee in the Sale Moor Village car park, which is currently free. With lots of local independent shops and businesses, car park is important to service the community.<br/> I would like Trafford Council to reconsider and not to blame Covid spending or any other budget gap that possible charges might help to cover.</p> | <p>A low cost charge to park for longer than is currently available, 3 hours instead of 2 hours, is proposed along with an increase to the all-day charge to ensure the annual increasing operating costs for each car park are covered by the income received to support retaining the car park for public use for the future.</p> <p><b>Recommended to overrule as objections.</b></p> |
| <p><b>General objection to increases</b><br/> Objection 1<br/> Can I please register my strongest complaint against charges being raised or imposed any further that they are already in TRAFFORD. Shopping is being</p>  | <p>The Council operates car parks and on street parking across the borough to help manage demand</p>   |

|  |  |
|--|--|
| <p>stified by these charges and people are going once a week or fortnightly to the large out of town supermarkets thus hitting the small local shops which will eventually be forced to close. This of course will mean loss of rates income so Trafford Council will be worse off. <b>DO NOT RAISE OR IMPOSE PARKING CHARGES</b> should be the motto.</p>   | <p>for parking to support local businesses whilst keeping roads with free flowing traffic. To help manage the annual increasing operating costs for each car park are covered by the income received and to support retaining the car parks for public use for the future. The recommended changes are in line with other providers.</p> <p><b>Recommended to overrule as an objection.</b></p>  |
| <p><b>Hale</b><br/> <b>Objection1</b><br/> I am deeply concerned about the proposed parking charge increases in Hale and any further changes to free on road parking spaces. I have lived and worked in our village for over 30 years and have noticed the steady removal of free on road parking and the increase in parking charges and restricted day time parking. Many people commute to Hale to work in the offices over the shops and there must be some accomodation of their needs in terms of reduced cost and free parking options.<br/> In addition, there are now too many empty retail spaces in our village at a time when retail in general is coming under huge pressure from online competition and increasing fixed costs. We need to make it easier for people to visit the village to shop and eat, not more difficult.<br/> Please save our village from further decline.</p>  | <p>The Council have not proposed any changes to the current free on street parking which offers over 100 spaces in well placed parts of Hale to access local businesses.</p> <p>The proposals support the increasing annual operating costs for each car park are covered by the income received to support retaining the car park for public use for the future.</p> <p><b>Recommended to overrule as an objection.</b></p>   |
| <p><b>Timperley</b><br/> Amongst the numerous objections received there was a core set of statements that people raised which have been identified below showing the number of objectors for each:<br/> <b>142 objections for:</b><br/> Already lost 100+ spaces<br/> <b>187 objections for:</b><br/> Extra congestion on free roads as people stop using car parks<br/> <b>184 objections for:</b><br/> Local businesses will suffer and have suffered during Covid<br/> <b>5 objections received for:</b><br/> Dangerous parking on pavements<br/> <b>29 objections received for:</b><br/> Elderly/mobility issues need convenient parking<br/> <b>18 objections received for:</b><br/> Will kill the village like Altrincham/Hale.<br/> <b>7 objections received for:</b><br/> Lack of alternative free parking<br/> <b>89 objections received for:</b><br/> People will shop elsewhere<br/> <b>15 objections received for:</b><br/> The charges will not be affordable<br/> <b>12 objections received for:</b><br/> There is a lack of parking</p> | <p>The Council have proposed to introduce charges on Thorley Lane car park to bring it in line with all other Village car parks. The Council's operating costs to run and manage these car parks have been covered by introducing small tariffs alleviating the need to review whether the asset should be redeveloped or sold to reduce the overheads. It is appreciated that the parking facilities are needed to support local businesses however must introduce charges to continue to have the provision available.</p> <p>It is also appreciated that Baker St car park has been closed with a loss of 120 parking spaces for public use, the car park was never fully utilised by users of the Village when open and is due to return to provide 71 parking spaces in the summer, charges apply.</p> <p>The on street and off street combined public parking will consist</p> |

|   |  |
|---|--|
| <p><b>11 objections received:</b><br/>Concerns there will be more accidents</p> | <p>of a total of 166 parking spaces to accommodate c60 shops/businesses.</p> <p><b>Recommendation is to carry out a further traffic survey to establish any additional traffic measures to help manage any congestion on Thorley Lane. The proposal to introduce charges in the car park will therefore be the subject of a further report following the survey to be carried out later this year.</b></p> |
