10 I do			
11 I do			Agree but most leaving when when you force euro 6 cabs 90% will be gone
12 I do not			Hi Clare white Hi I disagree with this fare proposal
			Whilst the base prices are fine some of the stuff needs tweaking in my opinion.
			1. Christmas is a public holiday and we spend it away from our families should still be double and not bank holiday rate.
			2. Bank holidays should be as proposed with tarrif 2 but all day.
			3. Tarrif 2 should rightly start at 10pm but finishing at 5am is too early and should finish at current time at 6am
			4. Soiling charge should be increased it costs more than £30 to clean the car after vomit and that isn't considering the fact loss of earning if someone vomited in the car on say start of your Saturday night shif.
			This should be increased to £50 which should be up to £50.

Do not think time should be lowered to 22HRS, Also do not agree with charging extra on on normal bank holidays. Also the christmas and new year should stay the same.
