

In order for the licencing section to respond; can you clarify for me whether this was because of a safety issue or is there something else we need to be aware? I want to work through this with you to ensure that we can mitigate this happening for the next three concerts.

Regards

**Unsafe crowd control when leaving.**

Couples

This place narrowly avoided a serious incident at The Killers gig. No crowd control at all. Huge crowds being sent in the wrong direction when trying to leave the venue, then getting crushed in huge crowds stuck as gates were closed and locked. Staff just watched as it happened. So grateful something serious didn't happen. Please AVOID for your own safety. This venue is not fit for managing large crowds. It was frightening.

**Cannot run a concert**

Couples

This venue cannot run a large concert. Came here for killers and it was a shambles. They closed every entrance except 1 at end, so 70,000 people trying to get out, was a stampede. The stewards then closed one road off so everyone had to walk down same street to exit! Toilets were a shambles. No toilet paper in any cubicle. And a free for all. Not enough toilets for the amount of crowds (oh another thing they closed half of before end).
