1. Introduction

- 1.1 The Accounts and Audit Regulations 2015 set out requirements related to the Council's systems of internal control, and the annual review and reporting of those systems.
- 1.2 The Regulations require Councils to have a sound system of internal control which facilitates the effective exercise of the Council's functions and which include the arrangements for the management of risk.
- 1.3 In addition, the Regulations require the Council to conduct a review at least once in a year of the effectiveness of its systems of internal control. Following the review, the Council must approve an **Annual Governance Statement** which then accompanies its Statement of Accounts. This assurance statement is made by the Chief Executive and Leader of the Council.
- 1.4 The Annual Governance Statement (AGS) should be prepared in accordance with "proper practices". Proper practices relate to guidance set out in the CIPFA/SOLACE publication "Delivering Good Governance in Local Government Framework" and supporting guidance associated with this. (Referred to in section 2 of this report).
- 1.5 The deadline for completing the 2022/23 AGS is currently the 31st of May 2023 for publishing the draft version and 30th September 2023 for publishing the final version, which aligns with the deadline for approval of the accounts (but these dates are still subject to change). In accordance with best practice the draft version of the AGS will be shared with the Accounts and Audit Committee at its July meeting and the Committee will approve the AGS by the September deadline.
- 1.6 This report sets out further detail regarding the Council's approach and timetable for producing its AGS for 2022/23.

2. Governance

- 2.1 As defined by the International Framework: Good Governance in the Public Sector (CIPFA/IFAC – 2014):

"Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved.

To deliver good governance in the public sector, both governing bodies and individuals working for public sector entities must try to achieve their entity's objectives while acting in the public interest at all times.

Acting in the public interest implies primary consideration of the benefits for society, which should result in positive outcomes for service users and other stakeholders.”

2.2 The CIPFA/SOLACE framework provides a structure to assist authorities with their approach to governance and the production of the AGS. The framework and supporting guidance was updated for in 2016 and in producing the 2022/23 AGS, the guidance will be taken into account throughout the process.

2.3 Authorities are required to review their governance arrangements against the principles contained in the Framework. The Framework, as to be applied for the 2021/22 AGS, adopts seven core principles that must be considered when defining good governance:

- Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.
- Ensuring openness and comprehensive stakeholder engagement.
- Defining outcomes in terms of sustainable economic, social and environmental benefits.
- Determining the interventions necessary to optimise the achievement of the intended outcomes.
- Developing the Entity’s capacity, including the capability of its leadership and the individuals within it.
- Managing risks and performance through robust internal control and strong public financial management.
- Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

2.4 In order to meet the expectations of the Corporate Governance framework, local authorities are expected to do the following:

- Review their existing governance arrangements against the Framework.
- Maintain a local code of governance, including arrangements for ensuring its ongoing application and effectiveness.
- Prepare an **Annual Governance Statement** (As required in the Accounts and Audit Regulations 2015) in order to report publicly on the extent to which they comply with their own code on an annual basis, including how they have monitored the effectiveness of their governance arrangements in the year, and on any planned changes in the coming period.

2.4 Trafford Council’s Corporate Governance Code (last updated in July 2019) reflects the core principles outlined in the CIPFA Framework and states the arrangements in place to ensure governance arrangements are reviewed

annually and reported on through the AGS. Due to the Corporate Plan being reviewed following the all-out elections the Corporate Governance Code will be updated leading up to the 2023/24 AGS process.

3. Process to Support the Annual Governance Statement

- 3.1 The Corporate Director for Governance and Community Strategy is responsible for facilitating the production of the AGS which is the Authority's statement on its governance processes.
- 3.2 The proposed timetable for producing the AGS reflects input from Members and Officers to the process.
- 3.3 The following arrangements are in place to enable the production of the AGS in 2022/23:

a) Production and Approval of the Annual Governance Statement

- Input from Members and Officers to produce and approve the 2020/21 AGS includes:
 - Directors and senior managers, with co-ordination from Governance Services to contribute to the content of the Statement.
 - CLT, Directors and senior managers to review the adequacy/robustness of the Statement.
 - Chief Executive and Leader to agree the draft AGS.
 - Draft Annual Governance Statement to accompany the draft accounts to be provided to the External Auditor.
 - Draft Annual Governance Statement to be shared with the Accounts and Audit Committee.
 - Accounts and Audit Committee to approve the final version of the AGS, which is signed by the Chief Executive and Leader, and accompanies the Council's final accounts.
- 3.4 The planned timetable for the process of producing the AGS is in Appendix 1. This is subject to change following any further guidance from CIPFA.

4. Benefits of the Process

- 4.1 It is noted that whilst there is a legislative requirement to complete the AGS, the information provided by the exercise is of benefit to the Council as it enables an assessment of governance arrangements across the Council and identifies where strengths and areas for development exist in those arrangements. Where significant governance issues are identified, progress can be monitored as required through the year (and reflected within the following year's AGS).
