Dear Mr Crier

I acknowledge receipt of three emails and attachments sent after 17:00 this evening. I will be unable to consider these or take instructions upon them until Monday.

None the less in the mean time I attach an annotated response as to you previous proposals as to the licence conditions proposed by the licensing and the reasons why most of them are unacceptable. Clearly this may be overtaken if you have chosen to vary your original proposals. It is highly unlikely that there will be any further movement on behalf of the licensing authority.

It is appropriate to observe where you suggest the conditions should be checked against your client's plans that that is an exercise of the tail wagging the dog and the reality is that your clients must be able to ensure their plans and actual operation of the premises conform to the conditions of their licence
