Form Post

Is this for or against the application?:	Against
Premises name:	Indian Grocery
Premises address:	217 Woodhouse Lane East, Timperley, Altrincham, Cheshire , WA15 6AS, United Kingdom
Type of application:	NEW Premises Application
Application or Licence number (if known):	89949
Tick appropriate box::	Licensing Authority
Full name:	Jaganesh Kumar
Job title:	Director
Telephone number:	[REDACTED]
Email:	[REDACTED]
Address:	WA15 6AS, United Kingdom
Your representation:	<p>We object to the application being granted at all, We object to the application being granted in its current form*</p> <p>I strongly object to this alcohol supply licence because there is a school across from the business, and seeing products over the age of 18 will give the children a terrible idea and make them think negatively. It will also create a nuisance within the school premises.</p>
To prevent crime and disorder:	
Public safety:	<p>I have a convenience store and an off-license business in the same row, it is considerably safer for the children and their parents when they drop them off at school. Because of this licence, the premises</p>

owner enlarged the business on the pavement, making it difficult for parents to pick up their children. I work as a responsible individual and have received all of the necessary permissions to operate my 5-star food & grocery shop. However, their premises operate with a one-star food grade and are not suitable for running an alcohol supply.

Since I owned the shop in the same row, we follow all of the licencing rules and regulations for distributing alcohol. When two shops next door sell alcohol, facing the school premises, it will undoubtedly be a problem for the kids and their parents.

We follow age requirements criteria while delivering alcohol to consumers, and we have been in this company for a long time. We used to have deny log documents, waste log documents, alarm systems, and electrical shutters for security reasons. We provide a wide range of confectionary and bakery products that will benefit children and their future.

In order to ensure the health and safety of the children, the council has given us a 5 star health and food rating, and we are practicing more hygiene when it comes to children's items. Because this premises (Indian Grocery) has a one-star food and health rating, it is not appropriate to acquire an alcohol licence.

He has been offering consumers with a variety of grocery and homemade food items for the past 3-4 years. Because he did not have the required food rating licence, he used to sell food and other products. In consideration of the children's future and safety, I strongly oppose this licence application, as well as any future applications.

Your representation:	We object to the application being granted at all Indian Grocery were selling meat and fish when they had food rating 2 and in the last inspection they got food rating as 1 but they still sell hot food and meat. If they get Alcohol licence, they could sell under counter cigarettes and alcohol to anyone. So I feel it is our duty to prevent crime and disorders happening in this area where we have school right opposite added to that we have more high schools going children living around this area. I can't even imagine.
To prevent crime and disorder:	
Public safety:	This Indian Grocery shop in the corner extended the side area without applying for a planning permission which was used by the public for parking cars especially the parents from opposite school and locals walk their children to school. Some parents used to wait there with

their buggy to pick up their elder child from school. After they extended, they all don't have a space to walk freely on the pavement. It is been an obstruction to the public but after 4 hearing from council it wasn't taken down. Atleast, to some extent that is manageable but if they get licence it is unlikely they will care for public safety.

As a consumer, initially when the Indian grocery were opened. I have noticed that the owner of shop has consumed alcohol while the shop is still trading. Especially in the night time, then in fact I stopped going to the shop after witnessing it. Before that incident I used to send my son to the shop to buy spices. So if they get license, I don't know how it would be managed by the shop.

Indian Grocery were selling meat and fish when they had food rating 2 and in the last inspection they got food rating as 1 but they still sell hot food and meat. If they get Alcohol licence, they could sell under counter cigarettes and alcohol to anyone. So I feel it is our duty to prevent crime and disorders happening in this area where we have school right opposite added to that we have more high schools going children living around this area. I can't even imagine.

I wouldn't recommend this application because I personally think that the management of Indian Groceries doesn't have any social responsibility. One of my friend who lives in the corner of the same street was telling me that when Indian Grocery shop was opened in 2019 the shop management stocked up all alcohol without any premises licence (don't even know about their personal licence). When she visited to check what's available in the new shop out of curiosity, the shop owner was promoting it that she can buy alcohol in his rather than walking till the other shop on the same row. But when she try to notice the premises license she got suspicious and said informed council. So the council visited the premises and removed the alcohol displayed on the shelf behind the counter.

In this area where there are more primary and secondary school children live, there is no need for another off licence shop at the same postcode of Indian Groceries. That too next to next. This is just my suggestion as I feel it won't be a safer place families with young children. Thank you
