Better Care Fund 2024-25 Q2 Reporting Template Overview

Other before an out (BC) approximation are studied in the BCF Remains and approximation are studied by the studied of the studies of the stud

ance page

As outlined with the BCF Addentum, quarterly BCF reporting will continue in 2024 to 2025, with areas required to set out progress on delivering their plans. This will include the collection of gend and activity data, including for the flockbarge Fund, which will be reviewed alongide other licid. The perimary parsons of CFT porting its areas of a set activity activity and account of continue of the perimary parsons of CFT porting its areas of a set activity and account of continue of the perimary parsons the perimary parsons of the perimary parsons the results related to the primary parson and perimary parsons the relation of the perimary parsons and and practice having by possible relations of the primary parsons and and practices on the perimary parsons and perimary the perimary parsons and perimary perimary parsons and perimary parso

BCF reporting is likely to be used by local areas, alongoide any other information to help inform HWBs on progress on integration and the BCF. It is also intended to inform BCF national partners as well as these responsible for delivering the BCF plans at a local lived (including CE*), local authorities and anverse provider(b) for the purposes noted above.

In addition to reporting, BCMs and the wider BCF team will monitor continued compliance against the national their wider interactions with local areas.

BCF reports submitted by local areas are required to be signed off by HWBs, or through a formal delegation to officials, as the accountable gove body for the BCF locally. Aggregated reporting information will be published on the NHS England website.

Note on entering information into this template Please do not copy and paste into the template Twogebout the template, cells which are open for input have a yellow background and those that are pre-populated have a blue background, as below

Data needs inputting in the cell Pre-populated cells

Notice on viewing the sheet optimally To more optimally view each of the cheets and in particular the drop down lists clearly on screen, please change the zoom level between 50% - 100%. Most drop downs are also available to view as lists within the relevant sheet or in the guidance tab for readability if required. The rew heights and cloarm adding can be adjusted to fit and view test more comfortably for the cals that require narrative information. Please DO NOT directly copy/cut & paste to populate the fields when completing the template as this can cause issues during the aggregation you must 'copy & paste', please use the 'Paste Special' operation and paste Values only.

The details of each sheet within the template are outlined below.

Checkint (2 Cover)
1. This section helps identify the sheets that have not been completed. All fields that appear as incomplete should be complete before sending to the BCF
Team.
2. The checker column, which can be found on the individual sheets, updates automatically as questions are completed. It will appear 'Bed' and contain
the word' No if if momation has not been completed. Deter complete the checker column will change to "Gener" and contain the word 'No if if momation has not been completed. The complete the checker column will change to "Gener" and contain the word 'No if if momation has not been completed. Deter completed the checker column will change to "Gener" and contain the word 'No if if momation has not been completed.

The "bitest completed" cell will update when all "thecker' values for the sheet are green containing the word "Yes".
 4. Once the checker column contains all cells marked "Yes" the "incomplete Template" cell Bobse the title value and the "template Complete".
 4. Once the checker column contains all cells marked "Yes" the "incomplete Template" cell Bobse the title value and the "template Complete".
 5. Once these provides essential information on the away for which the template is being completed, contacts and sign off. Once you safet your West

Version 3.6

Please Note:

- The BCF quarterly reports are categorised as 'Management Information' and data from them will be published in an aggregated form on the NHSE website. This will include any narrative section. Also a reminder that as is usually the case with public body information, all BCF information collected here is subject to Freedom of Information requests.

- At a local level it is for the HWB to decide what information it needs to publish as part of wider local government reporting and transparency requirements. Until BCF information is published, recipients of BCF reporting information (including recipients who access any information placed on the BCE) are prohibited from making this information available on any public domain or providing this information for the purposes of journalism or research without prior consent from the HWB (where it concerns a single HWB) or the BCF national partners for the aggregated information.

- All information will be supplied to BCF partners to inform policy development.

- This template is password protected to ensure data integrity and accurate aggregation of collected information. A resubmission may be required if this is breached.

5. Capacity & Demand

Selected Health and Wellbeing Board:

5.1 Assumptions	
1. How have your estimates for capacity and demand changed since the plan submitted in June? Please include any learnings from the last 6 months.	Checklist Complete:
The only notice have in the charge in the interested the pain account of the pain acco	- sinpleter
In other areas, our capacity and demand remains as submitted in June but remains under constant review.	Yes
2. How have system wide discussions around winter readiness influenced any changes in capacity and demand as part of proactive management of winter surge capacity? Trafford has a system wide Winter Readiness Plan in place but this has not required any changes in capacity and demand in relation to the schemes detailed in the BCF.	
3. Do you have any capacity concerns or specific support needs to raise for the winter ahead?	Yes
Not at present, outside of usual and predictable pressures.	Yes
4. Where actual demand exceeds capacity for a service type, what is your approach to ensuring that people are supported to avoid admission to hospital or to enable discharge?	
Continuing to embed prevention and Home First principles. We will adopt flexible approach in service delivery to ensure system resilience and patient centred care. We maximise on expertise of community services to reduce risk aversion in discharging patients back to their usual place of residence.	Yes
Guidance on completing this sheet is set out below, but should be read in conjunction with the separate guidance and q&a document	
5.1 Guidance	
The assumptions box has been updated and is now a set of specific narrative questions. Please answer all questions in relation to both hospital discharge and community sections of the capacity and demand template.	
You should reflect changes to understanding of demand and available capacity for admissions avoidance and hospital discharge since the completion of the original BCF plans, including	
- actual demand in the first 6 months of the year	
- modelling and agreed changes to services as part of Winter planning - bata from the Community Bed Audit - Data from the Community Bed Audit	
- Impact to date of new or revised intermediate care services or work to change the profile of discharge pathways.	
Hospital Discharge	
This section collects actual activity of services to support people being discharged from acute hospital. You should input the actual activity to support discharge across these different service types and this applies to all commissioned services not just those from the BCF.	
- Reablement & Rehabilitation at home (pathway 1)	
- Short term domiciliary care (pathway 1)	
- Reablement & Rehabilitation in a bedded setting (pathway 2)	
- Other short term bedded care (pathway 2)	
- Short-term residential/nursing care for someone likely to require a longer-term care home placement (pathway 3)	
Community This section collects actual activity for community services. You should input the actual activity across health and social care for different service types. This should cover all service intermediate care services to support recovery, including Urgent Community Response and VCS support and this applies to all commissioned services not just those from the BCF. The template is split into these types of service:	
Social support (including VCS)	
Urgent Community Response	
Reablement & Rehabilitation at home	
Reablement & Rehabilitation in a bedded setting	
Other short-term social care

Further guidance for completing Expenditure sheet

Schemes tagged with the following will count towards the planned Adult Social Care services spend from the NHS min: • Area of spend selected as 'Social Care' • Source of funding selected as 'Minimum NHS Contribution'

- Schemes tagged with the below will count towards the planned **Out of Hospital spend** from the NHS min: Area of spend selected with anything except 'Acute' Commissioner selected as 'ICB' (if 'Joint' is selected, only the NHS % will contribute) Source of funding selected as 'Minimum NHS Contribution'

2023-25 Revised Scheme types

Number	Scheme type/ services	Sub type	Description
1	Assistive Technologies and Equipment	1. Assistive technologies including telecare	Using technology in care processes to supportive self-management,
		2. Digital participation services	maintenance of independence and more efficient and effective delivery of
		3. Community based equipment 4. Other	care. (eg. Telecare, Wellness services, Community based equipment, Digital participation services).
		w. Other	participation services).
2	Care Act Implementation Related Duties	1. Independent Mental Health Advocacy	Funding planned towards the implementation of Care Act related duties.
		2. Safeguarding	The specific scheme sub types reflect specific duties that are funded via the
3	Carers Services	3. Other 1. Respite Services	NHS minimum contribution to the BCF. Supporting people to sustain their role as carers and reduce the likelihood
		2. Carer advice and support related to Care Act duties	of crisis.
		3. Other	This set she to she have the same factors have been by the factors at an
			This might include respite care/carers breaks, information, assessment, emotional and physical support, training, access to services to support
			wellbeing and improve independence.
4	Community Based Schemes	1. Integrated neighbourhood services	Schemes that are based in the community and constitute a range of cross
		2. Multidisciplinary teams that are supporting independence, such as anticipatory care	sector practitioners delivering collaborative services in the community
		 Low level social support for simple hospital discharges (Discharge to Assess pathway 0) Other 	typically at a neighbourhood/PCN level (eg: Integrated Neighbourhood Teams)
			Reablement services should be recorded under the specific scheme type 'Reablement in a person's own home'
5	DFG Related Schemes	1. Adaptations, including statutory DFG grants 2. Discretionary use of DFG	The DFG is a means-tested capital grant to help meet the costs of adapting a property; supporting people to stay independent in their own homes.
		3. Handyperson services	property, supporting people to stay independent in their own nomes.
		4. Other	The grant can also be used to fund discretionary, capital spend to support
			people to remain independent in their own homes under a Regulatory Reform Order, if a published policy on doing so is in place. Schemes using
			this flexibility can be recorded under 'discretionary use of DFG' or
			'handyperson services' as appropriate
6	Enablers for Integration	1. Data Integration	Schemes that build and develop the enabling foundations of health, social care and housing integration, encompassing a wide range of notantial areas
		2. System IT Interoperability 3. Programme management	care and housing integration, encompassing a wide range of potential areas including technology, workforce, market development (Voluntary Sector
		4. Research and evaluation	Business Development: Funding the business development and
		5. Workforce development 6. New governance arrangements	preparedness of local voluntary sector into provider Alliances/ Collaboratives) and programme management related schemes.
		7. Voluntary Sector Business Development	conadoratives) and programme management related schemes.
		8. Joint commissioning infrastructure	Joint commissioning infrastructure includes any personnel or teams that
		9. Integrated models of provision	enable joint commissioning. Schemes could be focused on Data Integration,
		10. Other	System IT Interoperability, Programme management, Research and evaluation, Supporting the Care Market, Workforce development,
			Community asset mapping, New governance arrangements, Voluntary
			Sector Development, Employment services, Joint commissioning
			infrastructure amongst others.
7	High Impact Change Model for Managing Transfer of Care	Early Discharge Planning Monitoring and responding to system demand and capacity	The ten changes or approaches identified as having a high impact on supporting timely and effective discharge through joint working across the
		3. Multi-Disciplinary/Multi-Agency Discharge Teams supporting discharge	social and health system. The Hospital to Home Transfer Protocol or the
		4. Home First/Discharge to Assess - process support/core costs	'Red Bag' scheme, while not in the HICM, is included in this section.
		5. Flexible working patterns (including 7 day working) 6. Trusted Assessment	
		7. Engagement and Choice	
		8. Improved discharge to Care Homes	
		9. Housing and related services 10. Red Bag scheme	
		11. Other	
•	Home Care or Domiciliary Care	1. Domiciliary care packages	A range of services that aim to help people live in their own homes through
5	nome care of Domiciliary care	2. Domiciliary care to support hospital discharge (Discharge to Assess pathway 1)	the provision of domiciliary care including personal care, domestic tasks,
		3. Short term domiciliary care (without reablement input)	shopping, home maintenance and social activities. Home care can link with
		4. Domiciliary care workforce development 5. Other	other services in the community, such as supported housing, community health services and voluntary sector services.
			Sector Services
9	Housing Related Schemes		This covers expenditure on housing and housing-related services other than
			adaptations; eg: supported housing units.
10	Integrated Care Planning and Navigation	1. Care navigation and planning	Care navigation services help people find their way to appropriate services
		2. Assessment teams/joint assessment 3. Support for implementation of anticipatory care	and support and consequently support self-management. Also, the assistance offered to people in navigating through the complex health and
		4. Other	assistance offered to people in navigating through the complex health and social care systems (across primary care, community and voluntary services
			and social care) to overcome barriers in accessing the most appropriate care
			and support. Multi-agency teams typically provide these services which can be online or face to face care paviators for faal adarby or dementia
			be online or face to face care navigators for frail elderly, or dementia navigators etc. This includes approaches such as Anticipatory Care, which
			aims to provide holistic, co-ordinated care for complex individuals.

The care is person-centred and

12	Home-based intermediate care services	Reablement at home (to support discharge) Reablement at home (at oprevent admission to hospital or residential care) Reablement at home (accepting step up and step down users) Reablement at home (accepting step up and step down users) Reablement at home (accepting step up and step down users) Reablement at home (accepting step up and step down users) Reablement and rehabilitation service (to support discharge) Solint reablement and rehabilitation service (to prevent admission to hospital or residential care) Joint reablement and rehabilitation service (to prevent admission to hospital or residential care) Joint reablement and rehabilitation service (to grevent admission to hospital or residential care) Joint reablement and rehabilitation service (to grevent admission to hospital or residential care) Joint reablement and rehabilitation service (to grevent admission to hospital or residential care) Joint reablement and rehabilitation service (to grevent admission to hospital or residential care) Joint reablement and rehabilitation service (to grevent admission to hospital or residential care) Joint reablement and rehabilitation service (to grevent admission to hospital or residential care) Joint reablement and rehabilitation service (to grevent admission to hospital or residential care)	Provides support in your own home to improve your confidence and ability to live as independently as possible
13	Urgent Community Response		Urgent community response teams provide urgent care to people in their homes which helps to avoid hospital admissions and enable people to live independently for longer. Through these teams, older people and adults with complex health needs who urgently need care, can get fast access to a range of health and social care professionals within two hours.
14	Personalised Budgeting and Commissioning		Various person centred approaches to commissioning and budgeting, including direct payments.
15	Personalised Care at Home	1. Mental health /wellbeing 2. Physical health/wellbeing 3. Other	Schemes specifically designed to ensure that a person can continue to live at home, through the provision of health related support at home often complemented with support for home care needs or mental health needs. This could include promoting self-management/expert patient, establishment of 'home ward' for intensive period or to deliver support over the longer term to maintain independence or offer end of life care for people. Intermediate care services provide shorter term support and care interventions as opposed to the ongoing support provided in this scheme type.
16	Prevention / Early Intervention	1. Social Prescribing 2. Risk Stratification 3. Choice Policy 4. Other	Services or schemes where the population or identified high-risk groups are empowered and activated to live well in the holistic sense thereby helping prevent people from entering the care system in the first place. These are essentially upstream prevention initiatives to promote independence and well being.
17	Residential Placements	Supported housing Zearning disability Setra care A. Care home S. Nursing home G. Short-term residential/nursing care for someone likely to require a longer-term care home replacement S. Short term residential care (without rehabilitation or reablement input) Sother	Residential placements provide accommodation for people with learning or physical disabilities, mental health difficulties or with sight or hearing loss, who need more intensive or specialised support than can be provided at home.
18	Workforce recruitment and retention	Improve retention of existing workforce Local recruitment initiatives I. Increase hours worked by existing workforce A. Additional or redeployed capacity from current care workers Other	These scheme types were introduced in planning for the 22-23 AS Discharge Fund. Use these scheme decriptors where funding is used to for incentives or activity to recruit and retain staff or to incentivise staff to increase the number of hours they work.
19	Other		Where the scheme is not adequately represented by the above scheme types, please outline the objectives and services planned for the scheme in a short description in the comments column.

Scheme type	Units
Assistive Technologies and Equipment	Number of beneficiaries
Home Care or Domiciliary Care	Hours of care (Unless short-term in which case it is packages)
Bed based intermediate Care Services	Number of placements
Home-based intermediate care services	Packages
Residential Placements	Number of beds
DFG Related Schemes	Number of adaptations funded/people supported
Workforce Recruitment and Retention	WTE's gained
Carers Services	Beneficiaries

See next sheet for Scheme Type (and Sub Type) descriptions
