Health Scrutiny Committee - Wednesday, 12 December 2018

This agenda was issued on **Tuesday, 4 December 2018** by the Legal and Democratic Services Section, Trafford Council, Trafford Town Hall; Talbot Road, Stretford, Manchester, M32 0TH.

WEBCASTING

This meeting will be filmed for live and / or subsequent broadcast on the Council's website and / or YouTube channel <https://www.youtube.com/user/traffordcouncil>
The whole of the meeting will be filmed, except where there are confidential or exempt items.

If you make a representation to the meeting you will be deemed to have consented to being filmed. By entering the body of the Committee Room you are also consenting to being filmed and to the possible use of those images and sound recordings for webcasting and/or training purposes. If you do not wish to have your image captured or if you have any queries regarding webcasting of meetings, please contact the Democratic Services Officer on the above contact number or email democratic.services@trafford.gov.uk

Members of the public may also film or record this meeting. Any person wishing to photograph, film or audio-record a public meeting is requested to inform Democratic Services in order that necessary arrangements can be made for the meeting. Please contact the Democratic Services Officer 48 hours in advance of the meeting if you intend to do this or have any other queries.

Public Document Pack Agenda Item 2

HEALTH SCRUTINY COMMITTEE

25 SEPTEMBER 2018

PRESENT

Councillor R. Chilton (in the Chair).

Councillors S. Taylor (Vice-Chair), J. Bennett, J. Brophy, Mrs. A. Bruer-Morris, A. Duffield, L. Evans, S. Longden, J. Slater and D. Acton (ex-Officio)

In attendance

M. Bailey - Manchester University NHS Foundation Trust

S. Gardner – Manchester University NHS Foundation Trust

R. Demaine – Clinical Commissioning Group

A. Hassall – Clinical Commissioning Group

M. Moore – Clinical Commissioning Group

H. Fairfield – Healthwatch

D. Walsh – Pennine Care

Officers

D. Eaton – Director of Integrated Services, Trafford Council & Pennine Care

P. Davey - Public Health Registrar

B. Fryer – Speciality Registrar, Public Health

D. Quantz – Acting Consultant, Public Health

Peter Forrester – Head of Governance

Ruth Worsley – Democratic Services

APOLOGIES

Apologies for absence were received from Councillors D. Haddad and D. Western (ex-Officio).

14. MINUTES

RESOLVED: That the Minutes of the meeting held on 26th June 2018 be agreed as a correct record and signed by the Chair.

15. DECLARATIONS OF INTEREST

The following declarations of personal interests were reported to the meeting:

- Councillor Brophy in relation to her employment by Lancashire Care Foundation Trust.
- Councillor Bruer-Morris in relation to her employment within the NHS.
- Councillor Chilton in relation to his employment by General Medical Council.
- Councillor Longden in relation to his employment as Joint Director of Chauden Limited
- Councillor Taylor in relation to her employment by the NHS.

16. SINGLE HOSPITAL SERVICE UPDATE

The Committee received a report from Stephen Gardner, Deputy Programme Director, Single Hospital Service. This provided an overview of the work to establish Manchester University Foundation Trust (MUFT) as an organisation, an update on the integration activity that is under way and information on progress with the proposed acquisition of North Manchester General Hospital (NMGH).

Committee Members had an opportunity to ask questions and discussions followed regarding:

- Waiting lists for surgery
- Location and size of services following the acquisition of NMGH
- Issues concerning the acquisition of NMGH and the need to utilise resources at the appropriate time
- Alignment of computer systems

The Chair thanked Mr. Gardner for his attendance at the meeting.

RESOLVED:

- (1) That the report be noted.
- (2) That a further update be provided at the next meeting.

17. THEME 3 - "WORKING TOGETHER TO SHAPE THE FUTURE OF OUR HOSPITAL SERVICES"

Committee Members received a presentation from Anthony Hassall, Accountable Officer, Trafford Clinical Commissioning Group on 'Working Together to Shape the Future of our Hospital Services'. The presentation advised on the services which would be affected and the aim to create a system that irrespective of location ensured that an acute and specialist service was provided in the right setting.

The presentation also identified the five areas of change:

1. Radical upgrade in Population Health Prevention
2. Transforming Community Based Care and Support
3. Standardising Acute Hospital Care
4. Standardising Clinical Support and Back Office Services
5. Enabling Better Care

Committee Members were given an opportunity to ask questions and discussions followed regarding:

- Review and adaptation of services
- The importance of funding social care and supporting health care in the community.
- The increasing demands on services with people living longer
- The challenges that Brexit may bring including work force issues
- Preparation of services for the winter months
- How to strategically drive integrated care
- Timescales involved within the areas identified
- IT implications

RESOLVED: That the content of the presentation be noted.

18. CARE QUALITY IN CARE HOMES AND THE CARE QUALITY COMMISSION

Diane Eaton, Director of Integrated Services Trafford Council and Pennine Care, and Mary Moore, Chief Nurse, Clinical Commissioning Group, delivered a presentation regarding Care Quality in Care Homes and the Care Quality Commission.

Committee Members were given an opportunity to ask questions and discussions followed regarding:

- Standard of services provided and the impact this can have in the wider health context
- Issues following closure of homes
- The importance of providing support for carers in homes
- Training Consortium
- Nurse led teams – aimed at reducing hospital admissions

RESOLVED:

- (1) That the content of the presentation be noted.
- (2) That an update be provided at a future meeting.

19. COMMUNITY SERVICE PATHWAYS

Rebecca Demaine, Clinical Commissioning Group, delivered a presentation regarding Community Service Pathways. The presentation outlined the commissioning of a Local Care Alliance. This would be a fundamental building block for transforming the system and ensuring delivery of co-ordinated care closer to home.

Committee Members were given an opportunity to ask questions.

RESOLVED: That the content of the presentation be noted.

20. TRAFFORD FLU PLAN 2018

Committee Members received an update on Trafford's Flu Plan 2018/19 explaining the importance of keeping people healthy over the winter and thereby reducing hospital stays. The update identified actions taken to vaccinate the most vulnerable people and to increase vaccination for key groups of staff in order to keep them healthy and prevent the spread of flu to high risk people.

The report also highlighted the changes to the flu vaccination process for the current year with a new vaccine being offered to persons aged over the age of 65.

Committee Members were given an opportunity to ask questions and discussions followed regarding:

- The significance of the new flu vaccine for persons over the age of 65
- The importance of health and care staff workers to take up the offer of vaccination

The Chair thanked P. Davey, B. Fryer and D. Quantz, Public Health for their attendance at the meeting.

RESOLVED: That the update be noted.

21. GREATER MANCHESTER HEALTH AND WELLBEING STRATEGY

Darryl Quantz, Public Health, provided Committee Members with an overview of the Greater Manchester Population Health Plan 2017-2021.

Committee Members were given an opportunity to ask questions and discussions followed regarding:

- Submission of a similar presentation would be provided at the next full Council meeting
- Linkage to relevant mental health issues
- The importance of reducing inactivity – promotion of active travel and accessing green spaces
- Issue concerning air quality

The Chair thanked Darryl Quantz for his attendance and report.

RESOLVED: That the report be noted.

22. HEALTHWATCH TRAFFORD UPDATE

Heather Fairfield, Chair of Healthwatch, provided Committee Members with an overview of the Healthwatch Performance Report 1st June to 31st August 2018 and an update in respect of Phlebotomy Services.

The Chair thanked Heather Fairfield for her informative report.

RESOLVED: That the oral be noted.

23. VISIT TO ASCOT HOUSE

The Committee received a verbal update from Members who had visited Ascot House on Friday 7th September 2018.

RESOLVED: That the oral update be noted.

24. GREATER MANCHESTER JOINT HEALTH SCRUTINY COMMITTEE

Committee Members received a brief update from Councillor Duffield who had attended the last meeting of the Greater Manchester Joint Health Scrutiny Committee.

RESOLVED: That the oral update be noted.

The meeting commenced at 6.30 pm and finished at 9.15 pm.

Chair's report - 1st October to 30th November 2018

Health Scrutiny Committee

We continue to work closely with Health Scrutiny Committee and during this period a visit was paid to Ascot House. We continue to undertake drop-ins and hear what carers and relatives feel about the quality of service. We hope to work with Health Scrutiny over the next year with a focus on community services and other topics of shared interest.

Mental Health in Trafford

We continue to represent all 10 HW in GM in relation to mental health and so have the widest possible view of progress in this area. We are working with HW England in relation to maternal mental health and will be undertaking some focus groups with new Mums in the New Year.

There are some Trafford concerns in relation to Advocacy and the new arrangements with Advocacy Focus who gave a presentation to our Board in October. Feedback from service users point out that advocacy is only offered to people on a section of the mental health act and that as soon as this has been lifted so too has support as part of the contractual arrangements entered into. We have previously drawn attention to the dearth of welfare rights advice in the borough and this continues to be the case. Vulnerable members of our community need help and support in accessing their rights.

It has also been drawn to our attention that links with housing are crucial. Often people remain on acute wards because their onward destination cannot be secured and with high bed occupancy this is an important area for some work. We were pleased, therefore, at meetings with GMMH at Prestwich and also at Moorside that there are initiatives in train which would provide mental health expertise and practical support for people in this regard but this would need to be prioritised by the CCG and Council as part of winter pressures funding. We also heard that there was an in depth piece of work taking place to follow through the whole pathway of mental health service users. Again, this is very welcome

Personal Independence Payments (PIP)

In my last briefing I reported that we had a Manchester University intern working with us for 8 weeks to look at the experiences of people moving from Disability Living Allowance to PIP. 86 per cent of survey respondents described their overall experience as either 'poor or very poor'. We have made a number of recommendations in relation to MP support, transport, medical evidence financial support from Trafford

Council and better information which is easily accessible for people wishing to claim for this benefit.

The North West has one of the largest number of reassessed DLA claimants which constitutes half of the overall PIP caseload, Trafford had 12,494 PIP claim registrations of which 11,702 had been cleared. 6,216 people were granted PIP but not necessarily at the level of funding they had previously received, causing hardship as exemplified by some of the case studies in the report.

Phlebotomy

Following publication of our report, an appointment system has been implemented. Whilst we were pleased to see these arrangements put in place, we were less pleased that only part of our report has been implemented. Whilst two-thirds of our survey respondents wanted to see such a system, the remaining third wanted the option to have drop in clinics, including out of hours offers. We realise that these changes affect thousands of people and understand that further work is being undertaken by the CCG to explore all the options. We will continue to monitor and work with the CCG to assess patient opinion if we are invited to do so.

New website launch from Healthwatch Trafford young volunteers

Healthwatch Trafford's young volunteers are delighted to announce the launch of www.youthwatchtrafford.co.uk - a website created by young people for young people to help them understand health and social care. We hope that this will become the trusted guide to services for those under the age of 21. This website will continue to be developed by our young people and any help in promoting this site would be grateful received. This was presented to the Youth Parliament recently where 90 young people were present and who we hope will publicise this website in their schools and colleges as well as on social media.

Healthwatch specific issues

We held a facilitated workshop in November to look at how, as a Board, we function. We looked at our vision and values, our management structures and our strategic direction. It was also a good introduction to Healthwatch for our new members and the evening was positively received with Board members thinking about how they could continue to work together to the best effect. It was also fun with some challenging exercises undertaken.

Greater Manchester Healthwatch

For some months now, we have been participating in a GM-wide review of the 10 Healthwatch undertaken by two independent Consultants under the auspices of the GM Health and Care Partnership.

We received the report in mid-November and this was followed by meetings with Jon Rouse and Imelda Redmond, the Chief Executive of Healthwatch England. Trafford will be considering this report at its 6 December Board meeting but it is clear that improvements to how we work as a network will be pursued at pace largely to reflect the changing landscape of health and care services generally. We will have a clearer idea of what the future holds in the New Year.

Healthwatch Trafford Advisory Group

At our September meeting, our Chair, Jean Rose, who is particularly keen on physical activity, gave good feedback on the discussion which took place at the Health and Wellbeing Board and its sub-groups, as well as the Health Scrutiny Committee's work. The Advisory Group continues to provide useful and constructive feedback on public engagement which complements our other initiatives such as HW100.

Healthwatch national conference

I attended this 2 day event in Stratford upon Avon for the first time this year. We were able to meet our new Chair, Sir Robert Francis, who went out of his way to involve all the 400 plus delegates. We had video links with Simon Stevens and also Sarah Wollaston, Chair of the Health Select Committee. We also had more than 40 senior health and care speakers which made for a diverse and contemporary view of health and social care.

Comings and goings!

We said our farewells to Matt Colledge following his stint as the CCG Chair, we welcomed Dr. Sally Johnston as the new Chair and were pleased to welcome Dr, Martyn Pritchard as the new Accountable Officer for the CCG and record our thanks to Anthony Hassall as the interim Accountable Officer who has supported the senior leadership team at the CCG during some challenging times.

Ongoing issues yet to be satisfactorily addressed:

- Healthy Young Minds - where we hope to see additional and significant improvements in investment in 2019/20 as part of the prevention agenda.

Issues raised during October/November

- We have had various pleas for us to seek to influence the provision of welfare rights for people. Some of our population do not have access to computers, nor the skills to complete complicated forms. One of the ways to impact on poverty would be to ensure that people get the help, advice and benefits they are entitled to. This is especially important in relation to housing and ongoing support for mental health service users who are informal patients'.

Chair
Healthwatch Trafford

Appendix 3 - Healthwatch 100

Maternal Mental Health

Status of information	Output	Key findings
Survey open	Possible report.	Info not currently available. Information collection is being carried out via Healthwatch England survey system.

The NHS at 70

Status of information	Output	Key findings
Information being analysed	Likely to inform information products eg. Guides and leaflets	So far: <ul style="list-style-type: none"> • 120 replies. • Many suggestions for improvements to local services. • More money wanted for NHS services.

Care home information

Status of information	Output	Key findings
Report to be published in December	Likely to inform information products eg. Guides and leaflets	So far: <ul style="list-style-type: none"> • 20% of respondents have no idea where to get info on care homes • 45% didn't know what NHS funded nursing or what NHS continuing healthcare is • Many want a live database showing where current vacancies are and cost.

Phlebotomy

Status of information	Output	Key findings
Report published	Report published July 2018	<ul style="list-style-type: none"> • Two-thirds of the 327 respondents have indicated they would prefer to book a specific time for a blood test. • Most of the qualitative feedback focuses on lengthy waiting times / understaffing. Some respondents turned away from clinics as wait was too long.

Pharmacy & prescription services

Status of information	Output	Key findings
Report Published	Report published August 2018.	<ul style="list-style-type: none">• The most prescribed item for respondents was prescription only painkillers and medication, followed by over-the-counter painkillers and medicines.• Independent pharmacies were used most (36%) followed by chain pharmacies and those in supermarkets.• In the last year, 50% or more had used a pharmacy for disposal of medicines and advice on minor ailments or healthy living.
