Part B - Asset Mana		Customer Satisfaction Surveys	Review the performance of customer satisfaction surveys and identify potential for improvement.	Annually	Lead into Lessons Learned
		Benchmarking against other authorities	Provide DfT with Trafford's GRC & DRC for benchmarking against other authorities.	Annually	Lead into Lessons Learned
	gement Policy, Strategy and Plar	1			
	nt Policy and Strategy				
3.1 Policy		Review Asset Management Policy	Review Asset Management Policy in accordance with Corporate Vision.	Annually	Lead into Lessons Learned
3.2 Plan	nagement Framework	Review Asset Management Plans	Review Asset Management Plans in accordance with Corporate Vision.	Annually	Lead into Lessons Learned
4.1 Levels of Se		Review Levels of Service	Review levels of service in line with the context of corporate vision, objectives and transport priorities.	Annually	Lead into Lessons Learned
4.2 Performance	e Indicators	Review Performance Measures	Review Performance Measures to monitor whether Trafford Council are meeting the levels of service.	Quarterly / Annually	Lead into Lessons Learned
5. Data Managemen	nt				I
	gement Strategy	Data review of assets	Review and develop asset data in accordance with the Code of Practice on Transport Infrastructure Assets.	Annually	
5.2 Asset Maint	tenance	Highway Inspection Manual	Update the Highway Inspection Manual in accordance with National Guidelines.	Jun-18	
5.3 Performance	e Management	Bespoke dashboards	Create bespoke dashboards to report and monitor performance.	Quarterly / Annually	Lead into Lessons Learned
	e Management	Funded information strategy	Review the funded information strategy for the collection of information to	Annually	Lead into Lessons Learned
			support the performance management framework.	, undany	
6. Lifecycle Plans	· /•				
6.1 Asset Creat	ion / Inventory	Update carriageway asset information	Update carriageway asset information	Annually	Lead into Lessons Learned
6.2 Deterioratio	on Modelling	Indicative 3 to 5 years works programme	Produce a rolling indicative 3 to 5 years works programme based upon the predicted condition using Horizons.	Annually	Lead into Lessons Learned
6.3 Scenario Mo	5	Scenario maintenance	Produce scenario maintenance options to inform our maintenance strategy to maximise the serviceability of the network.	Annually	Lead into Lessons Learned
7. Works Programm	le				
7.1 Technical S	urvey Strategy	SCANNER Surveys Strategy	Review current SCANNER Surveys Strategy on our classified road network for optimum asset management approach.	Annually	Lead into Lessons Learned
7.2 Technical S	urvey Strategy	CVI Survey Strategy	Review current CVI Survey Strategy for optimum asset management approach.	Annually	Lead into Lessons Learned
7.3 Technical S	urvey Strategy	SCRIM Survey Strategy	Develop a SCRIM Policy and Survey Strategy for optimum asset management approach.	Dec-17	
7.4 Forward Wo	orks Programme	Non-engineering parameters	Introduce non-engineering parameters such as enquiry records, balancing area allocation and proximity of key services into the 5 year Works Programme.	Continuous	Lead into Lessons Learned
7.5 TfGM & GM	ICA Collaborative Working	TfGM & GMCA Collaborative Working	Encourage TfGM & GMCA to continue to work together to; understand joint challenges, find opportunities, collaborate, cooperation, common procurement and reduce the pressures on resources.	Continuous	Lead into Lessons Learned

## Highway Infrastructure Asset Management Plan

## **Improvement Action Plan**

No.	HIAMP Ref	Action Name	Description	Timescale	Notes		
	Enablers						
8. Leadership and Commitment							
8.1	Leadership and Commitment	Communication Plan	Develop a Communication Plan for all parties involved in the delivery of highway maintenance at all levels.	Continuous	Lead into Lessons Learned		
9. The Ca	ase for Asset Management		Continue to review the requirements for the Investment Fund and take				
9.1	Department for Transport Incentive Fund	Requirements for the Investment Fund	appropriate action.	Annually	Lead into Lessons Learned		
10. Com	petencies and Training				1		
10.1	Competencies and Training	Training Programme	Develop a Training Programme for asset management principles, the use of specific software packages such as Horizons and Confirm and the UKRLG HMEP Toolkit.	Continuous	Lead into Lessons Learned		
10.2	Competencies and Training	HIAMP Meetings & Workshops	Arrange HIAMP Meetings & Workshops to be routinely held to raise awareness and communicate developments.	Continuous	Lead into Lessons Learned		
11. Risk	Management		Jana communicate developments.				
11.1	Management of Risk	Risk Categories	Assess and bring together Trafford Councils assessment of risks into risk registers, representing the 4 Main Risk Categories, including Lessons Learned.	Continuous	Lead into Lessons Learned		
11.2	Resilient Network	Review of the Resilient Network	Review the current resilient network every 2 years, including liaison with key stakeholders, and to also update after any events, based on lessons learnt.	2 years / as required	Lead into Lessons Learned		
11.3	Critical Assets	Management and Identification of Critical Assets	Develop our approach to the management of critical infrastructure. Identify Critical Assets as part of review of the Resilient Network in line with DfT's 'Transport Resilience Review - July 2014' and the new Code of Practice for highway maintenance management, published in autumn 2015.	Annually	Lead into Lessons Learned		
11.4	Drainage Assets	Flood Risk Management Plan	Review the current Flood Risk Management Plan, prepared/funded by AGMA	Apr-18	Lead into Lessons Learned		
11.5	Drainage Assets	Local Flood Risk Strategy	Review the current Local Flood Risk Strategy prepared Strategic Planning department	Apr-18	Lead into Lessons Learned		
12. High	way Asset Management Systems (HAMS)						
12.1	Confirm	Upgrade Confirm	Upgrade Confirm system as they become available from manufacturer including hardware architecture amendments and cross-system changes.	As required			
12.2	Horizons	Upgrade Horizon	Upgrade Horizon system as it become available from manufacturer including hardware architecture amendments and cross-system changes.	As required			
13. Perfe	ormance Monitoring			1			
13.1	Performance Measures	Review Performance Measures	Review Performance Measures for effective delivery of asset management and to build on lessons learnt to enable them to continuously improve.	Annually	Lead into Lessons Learned		
14. Benc	hmarking						
14.1	National Highways & Transportation Survey	Customer Satisfaction Surveys	Review the performance of customer satisfaction surveys and identify potential for improvement.	Annually	Lead into Lessons Learned		
14.1	Highways Maintenance Efficiency Programme	Other Local Authorities	Develop a plan to be properly measured against all other local authorities for all development, programming and delivery operations.	Annually	Lead into Lessons Learned		
14.2	Asset Management Standards	Robust asset management approach	Plan to maintain a robust asset management approach and ensure this meets national industry standards.	Annually	Lead into Lessons Learned		
15. Actio	15. Actions Moving Forward						
15.1	Asset Management Group	Asset Management Group	Set up an Asset Management Group led by the Principal Officer Asset Management to monitor the delivery of the improvement actions and further develop the HIAMP.	Dec-17	Lead into Lessons Learned		
	anagement Plans						
Appendi	x A - Asset Management Plan for Carriagew		Develop a Trafford SCRIM Policy and Survey Strategy for optimum asset				
A.1	Trafford SCRIM Policy	Trafford SCRIM Policy	management approach; which may also be used for the other authorities within Greater Manchester	Annually	Lead into Lessons Learned		
A.2	Works Programme / Life Cycle Planning	Optimised Holistic Approach	Develop a programme to undertake a balanced approach	Annually	Lead into Lessons Learned		
A.3	Hot Rolled Asphalt	Hot Rolled Asphalt	On heavily trafficked sites within Trafford (A and B roads) assess to introduce Hot Rolled Asphalt as an alternative surfacing material to Stone Mastic Asphalt, increasing the life of the network and reducing the maintenance frequency on these routes.	Dec-17			
A.4	Concrete Speed Cushions	Concrete Speed Cushions	Assess option to adopt the introduction of concrete road cushions to reduce the maintenance frequency and avoid replacing every time carriageway re- surfacing / renewal operations take place.	Dec-17			
Appendi	x B - Asset Management Plan for Footways	and Cycletracks		1	1		
B.1	Works Programme / Life Cycle Planning	Optimised Holistic Approach	Use the information gathered from the Footway Inspections to feed in to the selection process for footways to be included in future maintenance programmes.	Annually			

## Highway Infrastructure Asset Management Plan

# Improvement Action Plan

No.	HIAMP Ref	Action Name	Description	Timescale	Notes		
B.2	Footway Network Surveys	Footway Network Surveys	Develop a Programme and Detailed Footway Network Survey to be carried out by an external provider.	Dec-17			
B.3	Works Programme / Life Cycle Planning	Optimised Holistic Approach	Assess to raise the priority of footways which meet the criteria for more than a localised repair and are alongside carriageway schemes which are already in the forward works programme.	Dec-17			
Appendi	x C - Asset Management Plan for Structures	5					
C.1	Asset Management Plan for Structures	Structures Future Asset Management	Develop and bring bridges Structural Reviews up-to-date and produce a specific Bridges Asset Management Plan.	Dec-17			
Appendix D - Asset Management Plan for Highway Lighting							
D.1	Works Programme / Life Cycle Planning	LED lanterns	Continue with replacement and testing regimes	Continuous			
Appendix E - Asset Management Plan for Drainage							
E.1	Strategy	Drainage Future Asset Management	Develop and build up a picture of the performance of our whole drainage systems that will support the optimum asset management approach.	Dec-18			
Appendi	Appendix F - Asset Inventory						
F.1	Asset Inventory	Data Management	Develop a consistent approach to data management through clear process and procedure and ensure data collection and analysis has clearly defined methodology statements and audit trails.	Dec-17
