

Value for money conclusion

We are pleased to report that, based on our review of the Council's arrangements to secure economy, efficiency and effectiveness in its use of resources, we propose to give an unqualified VFM conclusion.

Further detail of our work on Value for Money is set out in section 3 of this report.

Whole of Government Accounts (WGA)

We will complete our work in respect of the Whole of Government Accounts in accordance with the national timetable.

Controls

The Council's management is responsible for the identification, assessment, management and monitoring of risk, and for developing, operating and monitoring the system of internal control.

Our audit is not designed to test all internal controls or identify all areas of control weakness. However, where, as part of our testing, we identify any control weaknesses, we report these to the Council.

Whilst our work has not identified any control weaknesses within the Council's financial systems that we wish to highlight for your attention, we identified a control weakness in the filing and accessing of print payroll records.

Further details are provided within section 2 of this report.

The way forward

Matters arising from the financial statements audit and review of the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources have been discussed with the Director of Finance.

Acknowledgment

We would like to take this opportunity to record our appreciation for the cooperation and assistance provided by the finance team and other staff during our audit.
