Dear Residents,

We would like to address any concerns regarding our application for a premises licence, we would like to reassure the local community that the use of our premises is strictly for private college functions only (not attracting members of the general public) and will only start after office hours and finish by 10pm.

The concerns we would like to address are mainly to how our premises would affect the local community regarding the safety of children, parking and crime, which are all concerns that matter greatly to us as well, we have worked very hard with the local authority to ensure that our business won't affect these local issues.

We would like everybody in the area to know there will be no regulated entertainment from our premises at any time.

We invite anybody to engage with us and ask any questions about the use of the premises.

Yours truly,

IMPERIAL 21 JOYA LTD
