Follow Up Flag: Follow up
Flag Status: Flagged

Dear Sir/Madam:

Objection to Licensing Application Imperial 21 Joya Ltd, 67 Ayres Road, Stretford, M16 7GP

I would like to register an objection in relation to the above application for allowing Licensing at the premises to allow the sale of Alcohol By Retail for on and off premises consumption.

The opposition is based on the fact that granting a licence for these premises will not help with the prevention of crime, disorder and antisocial behaviour in a community that already has an above average level of crime. In addition I am further concerned regarding the impact to an area defined as a residential predominantly working class and family orientated.

The impact to the area by enabling the premises to sell alcohol would be totally detrimental in a number of ways. Approval of the application will create a number of direct and indirect issues to the area:

1) We already have a number of retail outlets where Alcohol is sold. This application will further exacerbate this issue.

2) Parking and Traffic issues will arise in a residential area with the increased traffic and footprint in an already built up area, I fear this will put children at risk from a road safety perspective in an already built up and congested road.

3) Even greater concern is the expected increase in policing to handle the increase in anti-social behaviour that comes with Alcohol based institutions.

I would urge the Committee to consider the above concerns from local residents and request that in view of the above the Licensing Authority to refuse this application.

Yours faithfully,

Licensing application
Imperial Joya Limited, 67 Ayres Road, Stretford, M16 7GP

I am writing to register my objection to the application for a premises license by Imperial 21 Joya Limited for 67 Ayres Road, Stretford, M16 7GP.

The basis of this opposition is that granting a license for the premises will not promote the licenses objectives, particularly the prevention of crime and anti-social behaviour as there already is anti-social behaviour on the streets close to the property.

The application proposes that alcohol will be sold for consumption on and off the premises seven days a week until late at night. Granting such a license would provide a further source of alcohol within an area which is already heavily populated with licensed premises, and crime, disorder and public nuisance have already reached problem levels for the local residents.

Also, this area being a kids friendly neighbourhood, the license would be a source of public nuisance for kids going to schools, parks and playing on the streets. Residents around the area already have great issues with parking due to excessive cars and coaches coming to the ShiZen clinic which causes traffic by blocking the roads and the granting of the license would just cause further issues regarding the safety of the community.

I would urge the Committee to consider the findings of The Health Impact Assessment, in which evidence of the negative effects of flexible licensing was put forward by local the residents.

We as a community could have got many more signatures as we have done previously, but due to the Coronavirus and many self-isolating, we were unable to get more signatures in this short space of time.

In view of the above, I would urge the Licensing Authority to refuse the application.

Yours Faithfully,

Subject: Licensing Application PL077040 - Imperial Jaya Limited
Categories: Licensing Act 2003 - General

RE: Licensing application PL077040.
Imperial Jaya Limited, 67 Ayres Road, Stretford, M16 7QP

I am writing to register my objection to the application for a premises license by Imperial 21 Jaya Limited for 67 Ayres Road, Stretford, M16 7QP.

The basis of this opposition is that granting a license for the premises will not promote the licenses objectives, particularly the prevention of crime and anti-social behaviour as there already is anti-social behaviour on the streets close to the property.

The application proposes that alcohol will be sold for consumption on and off the premises seven days a week until late at night. Granting such a license would provide a further source of alcohol within an area which is already heavily populated with licensed premises, and crime, disorder and public nuisance have already reached problem levels for the local residents.

Also, this and the surrounding area being a kids friendly neighbourhood, the license would be a source of public nuisance for kids going to schools, parks and playing on the streets. Residents around the area already have great issues with parking due to excessive cars and coaches coming to the Shizen clinic which causes traffic by blocking the roads and the granting of the license would just cause further issues regarding the safety of the community.

Due to the late timings proposed and the excessive noise that would occur, there would be an increase in health related issues for people who already have existing pre conditions and this would only exacerbate the issue further. Furthermore this would also cause problems for workers and their health and this would lead to poor concentration at work where this could make an effect on the local economy as the noise pollution will be greatly enhanced and overall productivity reduced.

There are already a number of licensed premises on Ayres Road and this would only increase the nuisance and anti social behaviour that already occurs. There have been a number of issues with the premises on Alphonsus Street and this being in very close proximity will not alleviate the anti social behaviour.

I would urge the Committee to consider the findings of The Health Impact Assessment, in which evidence of the negative effects of flexible licensing was put forward by the local residents.

In view of the above, I would urge the Licensing Authority to refuse the application.

Yours Faithfully,

Dear Sir/Madam:

Objection to Licensing Application Imperial 21 Joya Ltd, 67 Ayres Road, Stretford, M16 7GP

I would like to register an objection in relation to the above application for allowing Licensing at the premises to allow the sale of Alcohol By Retail for on and off premises consumption.

The opposition is based on the fact that granting a licence for these premises will not help with the prevention of crime, disorder and antisocial behaviour in a community that already has an above average level of crime. In addition I am further concerned regarding the impact to an area defined as a residential predominantly working class and family orientated.

The impact to the area by enabling the premises to sell alcohol would be totally detrimental in a number of ways. Approval of the application will create a number of direct and indirect issues to the area:

- 1) We already have a number of retail outlets where Alcohol is sold. This application will further exacerbate this issue.
- 2) Parking and Traffic issues will arise in a residential area with the increased traffic and footprint in an already built up area. I fear this will put children at risk from a road safety perspective in an already built up and congested road.
- 3) Even greater concern is the expected increase in policing to handle the increase in anti-social behaviour that comes with Alcohol based institutions.

I would urge the Committee to consider the above concerns from local residents and request that in view of the above the Licensing Authority to refuse this application.

Yours faithfully,
