Section 3 – Representations

In relation to the review of a premises licence, if the licensing committee are minded to modify the terms of the licence, either immediately or after a period of suspension, we would like to see the conditions outlined in section 3B included on the licence for the reasons outlined in section 3A.

Section 3A – The Licensing Objectives

To prevent
crime and
disorder

Please state your reasons:

Public safety

Please state your reasons:

To prevent public nuisance	<i>Please state your reasons:</i>
----------------------------	-----------------------------------

The protection of children from harm	<p><i>Please state your reasons:</i></p> <p>The existing licence conditions relevant to Protection of Children from Harm are felt to be inadequate for the following reasons:</p> <ul style="list-style-type: none"> • there is no reference to Challenge 25 and training • there is no reference to acceptable forms of ID • a refusals register should be available at every place from where alcohol is sold • an alcohol management plan should be in place for each event to cover CCTV and to detail measures to be taken for the protection of children from harm • a risk assessment prior to each event should be carried regarding the demographic of the event and any additional measure needed for the protection of children from harm
--------------------------------------	---

Section 3B – Suggestions/Further information

Please give any suggested conditions that could be added to the licence to remedy the cause of your representations, or other considerations you would like the Licensing Sub-Committee to take into account.

- The Premises Licence Holder must produce a Draft Event and site-specific Operational Plan Management Plan for the licensable activity proposed at the Licensed Premises at least three months and a Final Event and site-specific Operational Plan Management Plan for the licensable activity proposed at the Licenced Premises at least 21 days before each outdoor concert or other event (or such lesser period as the Licensing Authority may reasonably agree) for the licensable activity proposed at the Licensed Premises. These plans should include an alcohol management plan and detail measures in place for the protection of children from harm, particularly when it has been identified that an event is likely to have a young demographic, including Challenge 25, refusals register, acceptable forms of ID, bag checks, training and CCTV. A CCTV system shall be operated throughout events and full details of the system including retention of data shall be contained in the Management Plan. This should be made available to officers of GMP and the Local Authority immediately upon request.
- Concessionary activities including food franchises, bars, restaurants and non food retail sales: Consideration should be given to measures to be put in place to control trade mark activities. CCTV should cover all areas from where alcohol is sold and statutory notices must be in place including Challenge 25 posters and the Weights and Measures quantity notice. All staff will be encouraged to use and be trained in "Challenge 25" age recognition policy. Where alcohol is sold staff should ask for identification – acceptable forms of ID are recognised photographic identification cards, such as a driving licence, passport, military identification, EU identity card, or proof of age card with the PASS Hologram - and a means of recording any refusal should be made available at every concession where alcohol is sold.
- The premises licence holder must complete, and make available for inspection, a specific event, written, risk assessment form, as may be prescribed by the Licensing Authority, at least 21 days prior to a concert and 7 days prior to any other event before any event that is carried on by any person not affiliated with the venue; and promoted/advertised to the public. This document (and appendices) will be 'living' documents. This risk assessment must consider the implications of attendance of children at the event. If appropriate information will be given out in advance to say that no-one under the age of 16 years should attend the event unless accompanied by an adult. Where there is a young demographic bag checks should include looking for alcohol and consideration be given to disposal of any alcohol taken from young people.
- An incident log (which may be electronically recorded) shall be kept at the premises for at least six months, and made available on request to the police or an authorised officer of the licensing authority, which will record incidents including dates and times of any refusal of the sale of alcohol where customers have not been able to produce an acceptable form of ID for the Challenge 25 scheme.
- All staff will receive training in relation to the protection of children from harm including (but not limited to) safeguarding, underage sales, Challenge 25, refusals register / incident log, statutory notices, acceptable forms of ID, CCTV, bag checks and disposal of alcohol. Refresher training shall be given to all staff every 6 months. Before an event this training shall also be given to all staff working the event (including any temporary staff) and shall include any additional training relevant to the event being held to protect children from harm.
- Any safeguarding issues shall be reported to the Licensing Team Leader and the Regulatory Services Manager (Trading Standards and Licensing).

I confirm that this representation may become a public document
