Dear Cllr Jane Slater

Your Joint Local Health and Wellbeing Strategy (JLHWS) is a vital tool in understanding the local priorities that are being used to tackle the needs identified as part of your Joint Strategic Needs Assessment. We are seeking your views on the steps that Greater Manchester ICB has taken in implementing the JLHWS over the course of 2022/23.

Your feedback will be used as part of NHS England's annual assessment of Greater Manchester ICB's performance for 2022/23. This is your opportunity to share good practice or successes that the ICB has demonstrated this year to enable knowledge to be shared to improve outcomes for people across the country. It is also your chance to comment on where Greater Manchester ICB could go further in supporting the delivery of the JLHWS.

We would be grateful if you could respond to us at the regional team email address: england.nhs-nwplanning@nhs.net, by **07/04/2023** with your views on:

- How effectively has Greater Manchester ICB worked with its NHS and wider system partners to implement the JLHWS?
- What steps has Greater Manchester ICB taken in implementing the JLHWS?
- What more could Greater Manchester ICB do to support implementation of the JLHWS?

Yours sincerely

Andrew Crawshaw

Regional Director of Performance and Delivery

North West
