

TRAFFORD COUNCIL

Report to: Health & Wellbeing Board
Date: 17th July 2023
Report for: Discussion
Report of: Katherine McAllister, Principal Public Health Intelligence Analyst

Report Title

Using census data to shape questions around public health in Trafford

Purpose

- To describe the features of the 2021 Census
- To outline the benefits and challenges of using this data resource to support Public Health activities
- To seek input from the board in relation to prioritisation of topic areas for exploration of this resource

Recommendations

Members of the HWBB are asked to:

- Note the contents of the presentation
- Provide guidance on prioritisation of topics for which Census data may be used to either address existing questions or generate new areas for exploration in the context of Public Health.
