

AGENDA ITEM 8

PLANNING (DEVELOPMENT CONTROL) COMMITTEE – 11th June 2015

ADDENDUM TO THE AGENDA:

ADDITIONAL INFORMATION REPORT (INCLUDING SPEAKERS)

1.0 INTRODUCTION

1.1 This report summarises information received since the Agenda was compiled including, as appropriate, suggested amendments to recommendations in the light of that information. It also lists those people wishing to address the Committee.

1.2 Where the Council has received a request to address the Committee, the applications concerned will be considered first in the order indicated in the table below. The remaining applications will then be considered in the order shown on the original agenda unless indicated by the Chairman.

2.0 ITEM 4 – APPLICATIONS FOR PERMISSION TO DEVELOP, ETC.

**SPEAKER(S) AGAINST: Alison Freeman (Emery Planning)
(For Neighbour)**

**FOR: Paul Walton (Agent) or
Mr Offland (Applicant)**

Late representations have been received from the agents representing the occupants of 61 Bankhall Lane. The comments, which include advice from Counsel, suggests that the Officer report does not accurately report the objections received and is flawed in terms of the assessment of the impact of the development on 61 Bankhall Lane. Consequently it is suggested that any decision made on the report is at risk of legal challenge.

The Counsel opinion was received yesterday afternoon and there has unfortunately not been time to fully address the issues raised.

Regretfully, it is therefore recommended that members defer consideration of the application from this meeting. It is anticipated that the report will be presented back to committee in July.

(Neighbour)**

**FOR: Janet Crozier
(Applicant)**

REPRESENTATIONS

Neighbours – An additional letter of objection has been received from a resident of Newstead Terrace who has recently moved to the area, citing the following concerns:-

- Little consultation from church with residents.
- Residents may be disturbed by late night activity (a lot of families with children live on Newstead Terrace)
- No professional workers present to supervise activities within the shelter; concern that volunteers will be left on their own to supervise people requiring the accommodation.
- No provision to protect residents from any risk situation that may arise from users of the shelter

SPEAKER(S) AGAINST:

**FOR: Richard Gee
(Agent)**

APPLICANT'S SUBMISSION

The applicant has submitted a CGI in support of the application which will be displayed at the meeting.

CONSULTATIONS

Pollution and Licensing – No further comments to those set out in the report.

REPRESENTATIONS

Neighbours – 3 letters of objection received from the occupiers of properties opposite the site (2 from the same property), summarised as follows: -

- The height of the building would block out natural light into 14 Warwick Road.
- Match day traffic is bearable because it comes and goes on the same day. Traffic would be constant day and night with noise and flashing lights.
- The whole of the front of 14 Warwick Road would be overlooked.

OBSERVATIONS

An assessment of the proposed development on the amenity enjoyed by the occupiers of these properties is included within the report. With regards to traffic it is considered this would not result in a level of disturbance or light nuisance that would be detrimental to amenity. Warwick Road is relatively busy throughout the day and it is considered the amount of traffic associated with the development would not add to existing levels to an extent that would create unacceptable living conditions for the occupiers of properties opposite.

Given the height of the building it is recommend a condition is attached to require an assessment of the potential impact on television reception for existing properties in the area and to require mitigation measures if necessary to maintain existing level and quality of signal reception.

RECOMMENDATION: MINDED TO GRANT SUBJECT TO LEGAL AGREEMENT, the conditions set out in the report and the following additional condition:

TV reception report to be submitted and approved, identifying potential impact on television reception in the area and to identify any mitigation measures if necessary to maintain existing level and quality and signal reception.

CONSULTATIONS

Local Highway Authority – The proposals do not amend the car parking provision or layout within the site and there is no proposed increase in floorspace. The proposed use for Unit 1 will potentially generate more car trips than the previously approved non-food retail use, with consequential increase in parking demand. However the floorspace for Unit 1 is relatively small compared to the overall retail floorspace across the site and the traffic and parking increases resulting from the proposal will be relatively small. It is considered that the car parking within the site and the junction capacity of the access will not be significantly adversely affected by the proposals, particularly in view of the lower trading levels within the site in recent years. The LHA therefore raises no objections to the proposals.

(Applicant)**

Following the submission of amended plans, the applicant has asked Councillor Laura Evans to withdraw her request to call in the application to planning committee. Providing this has been done prior to the meeting, it is recommended that the decision is delegated for determination by the Head of Planning Services.
