

TRAFFORD COUNCIL

Report to: Public Protection Sub-Committee
Date: 20th August 2015
Report of: Head of Regulatory Services

Report Title

PROPOSED CHANGES TO THE HACKNEY CARRIAGE/PRIVATE HIRE DRIVER APPLICATION REQUIREMENTS

Summary

The report outlines the outcome of an initial review of the current taxi driver application procedure following a significant increase in the number of potential applicants for a licence.

It is proposed to change the current requirements in respect of English language skills; and local area knowledge and training, in order to reduce delays in the application process whilst maintaining driver standards.

Recommendation(s)

It is recommended that the Sub-Committee agrees, in principle, to:

- extend the range of acceptable qualifications to prove English language skills;
- remove the requirement to pass a local area knowledge test but introduce a condition that all drivers must carry a working satellite navigation system; and
- extend the length and scope of the driver induction course.

It is recommended that the Sub-Committee agrees to a four week consultation exercise with the hackney carriage and private hire trades and the public.

It is also recommended that the Sub-Committee agrees to receive a further final report at its next available meeting after the consultation.

1. BACKGROUND

- 1.1 The Council's current hackney carriage/private hire driver licence application procedure consists of five stages:

Stage One – English, numeracy and verbal communication test

- 1.2 In October 2013 the Council introduced a requirement that any person wishing to apply for a hackney carriage/private hire driver's licence must pass an ESOL Entry 2 in English and Numeracy. The requirement applied to all persons irrespective of their educational background or if English was their first language.
- 1.3 The assessments are carried out once a month at the Town Hall by Bolton College. The cost is £40 which is paid in full to the College.
- 1.4 Bolton College are only able to supply an ESOL (English Speakers of Other Languages) assessor once a month. Each session takes fourteen candidates only.
- 1.5 There has been a recent increase in the numbers of people wishing to take the assessment in order to apply for a licence. This is primarily because of the decision by Rossendale Council to review its policy on intended use. The result is that the current waiting time for a place on the assessment is six months.

Stage Two – Application & DBS forms submitted

- 1.6 All applicants are required to submit an application form with supporting documents; a DBS disclosure form and the application fee.

Stage Three – Induction course

- 1.7 All applicants must complete an 'in house' induction course which consists of:

Licensing conditions and legislation framework
Customer Care
Disability Awareness

Stage Four – Knowledge Test

- 1.8 All applicants must pass a knowledge test which is delivered 'in house' and consists of a written test on places of interest, pubs, clubs and restaurants; routes; and private hire driver conditions and hackney carriage byelaws. The current pass rate is 25%.

Stage Five – Medical

- 1.9 All applicants must undergo a Group 1 medical with their own doctor.
- 1.10 Should a candidate pass the knowledge test on the first occasion it would on average take eight months to be granted a driver's licence due to the current waiting times and volume of potential applicants.

2. PROPOSED CHANGES TO THE DRIVER APPLICATION PROCESS

- 2.1 Officers have been asked to propose changes to the current requirements in respect of English language skills; local area knowledge and training, in order to reduce delays in the application process whilst maintaining driver standards.

English Language Skills Assessment

- 2.2 The current system requires that all applicants, irrespective of education or background, must pass an assessment undertaken by the Council's specific provider Bolton College. This requirement is extremely restrictive meaning, for example, a person with a degree in English must currently wait six months to take the assessment before they can apply for a licence. Also, the Council is currently reliant on Bolton College to provide an assessor who is only available once a month which limits the number of candidates who can be assessed at any one time.

Proposal 1

It is proposed to extend the range of acceptable qualifications to prove English language skills as follows:

Any UK qualification - degree, A/O level, GCSE; or
A non-UK degree in English; or
ESOL qualification at Entry 2 from any accredited UK College

Qualification certificate to be produced on application for a hackney carriage/private hire driver's licence

Local Area Knowledge Test

- 2.3 Anecdotal evidence suggests that one of the reasons for the increase in out of area drivers working in Trafford is the lack of available licensed Trafford drivers. The main reason for the lack of Trafford drivers is that few applicants pass the Council's current knowledge test the first time; and many take several attempts to pass resulting in long delays.
- 2.4 Officers have received complaints from both the hackney carriage and private hire trades that the knowledge test is simply a memory test and is out of date.
- 2.5 The Law Commission in its recent review made a series of far reaching recommendations in respect of taxi and private hire services. It recommended that private hire services should not be subject to locally imposed topographical knowledge tests.

'Satellite navigation technology is widely if not universally used. The Law Commission suggests that local topographical knowledge tests for private hire drivers is an unnecessary regulatory requirement and they see no need for licensing authorities to require them.'

- 2.6 It could be argued that the Council's current requirement to pass a local area knowledge test in its current format has had a detrimental effect on the quantity of hackney carriage and private hire drivers in Trafford.
- 2.7 In the light of technological advances, it is suggested that a knowledge test is no longer necessary to determine the 'fit and proper person test' for both hackney carriage and private hire drivers.

Proposal 2

It is proposed to remove the requirement for applicants to pass a local area knowledge test but introduce a condition that all drivers must carry a working satellite navigation system.

Hackney Carriage/Private Hire Induction Course

- 2.8 The Council currently requires that all applicants attend an induction course which focuses on the roles and responsibilities of being a taxi or private hire driver. It is proposed that a greater emphasis be placed on training applicants on customer care and disability awareness; how to work within local authority guidelines and national legislation; and a greater awareness of child sexual exploitation and how to report any concerns.
- 2.9 It is suggested that delivering 'in house' would give the Council greater control over course content, delivery and effectiveness, and post-course reinforcement; and would also allow the Council to tailor the course content to address localised practice, policy, procedures and conditions.

Proposal 3

It is proposed to require all applicants to complete a driver induction course consisting of:

Licensing conditions and legislation framework
Customer care
Wheelchair access and disability awareness
Child sexual exploitation awareness

3. RECOMMENDATIONS

- 3.1 It is recommended that the Sub-Committee agrees, in principle, to:
- extend the range of acceptable qualifications to prove English language skills;
 - remove the requirement to pass a local area knowledge test but introduce a condition that all drivers must carry a working satellite navigation system; and
 - extend the length and scope of the driver induction course.
- 3.2 It is recommended that the Sub-Committee agrees to a four week consultation exercise with the hackney carriage and private hire trades and the public.

- 3.3 It is also recommended that the Sub-Committee agrees to receive a further final report at its next available meeting after the consultation.
